EXECUTIVE SUMMARY

The California Mental Health Services Authority (CalMHSA) Statewide Prevention and Early Intervention Implementation Work Plan (Work Plan) is composed of three comprehensive and coordinated initiatives: Suicide Prevention, Stigma and Discrimination Reduction (SDR), and Student Mental Health. This Request for Interest (RFI) is designed to solicit interest from qualified applicants seeking to serve as Project Manager for the SDR Consortium Project, SDR Program One, Component One.

The *California Strategic Plan on Suicide Prevention: Every Californian is Part of the Solution* is built upon the vision that a full range of strategies, from prevention and early intervention to treatment and recovery should be implemented to appropriately target Californians across the lifespan and across diverse backgrounds. Respondents are encouraged to download the entire Work Plan and Addendum from the CalMHSA website for additional information (www.calmhsa.org).

Through this RFI solicitation, CalMHSA seeks to ascertain the qualifications of individuals to convene a Consortium and develop a plan for transition of the Consortium's administration to a consumer/client-led organization that has the capacity to continue to manage the work of the project until the SDR Initiative concludes on June 30, 2014.

PART A: RFI SCOPE OF WORK

The selected project manager will complete the list of tasks below in consultation with CalMHSA staff. CalMHSA will arrange for administrative and managerial support for the project manager after consultation with the selected project manager.

1. Collaborate with other SDR contractors and CalMHSA, to identify organizations and individuals that would represent the categories listed as potential membership for the Consortium in the SDR Initiative RFP.
2. Establish and convene the Consortium membership, with administrative support from CalMHSA. Support the interaction and exchange among Consortium members as appropriate, either through in-person meetings or by use of technology.
3. Establish any necessary subcommittees or implement other necessary strategies for the Consortium to achieve identified deliverables, which include but are not limited to:
 - a. Review and comment on SDR messaging, and messaging for the PEI Initiatives in general, to ensure a consistent message, when appropriate;
 - b. Collaborate with other contractors participating in the SDR Initiative, to conduct a statewide assessment of current capacity and strategies for addressing gaps and expanding capacity
 - c. Collaborate with the Mental Health Association of San Francisco, an SDR contractor in Program 2 and 3, to assess, develop and disseminate information on available resources and best practices
 - d. Begin to explore different strategies and tactics for how the Consortium can serve as the “hub” or “clearinghouse” for accessible and cultural relevant anti-stigma materials for California’s diverse populations and communities. Provide recommendations for how such a depository could be developed in collaboration with other CalMHSA contractors.
4. Develop a plan for transition of the Consortium’s administration to a consumer/client-led organization that has the capacity to continue to manage the continued work of the project until the SDR Initiative concludes on June 30, 2014. Such an organization would have the ability to provide a statewide voice on the critical impact of stigma and resulting discrimination and disparities experienced by individuals, families and communities.
