In this event, the State shall have no liability to pay any funds whatsoever to Contractor or to furnish any other consideration under this Contract and Contractor shall not be obligated to perform any provisions of this Contract.

B. If funding for any fiscal year is reduced or deleted by the Budget Act for purposes of this program, the State shall have the option to either cancel this Contract with no liability occurring to the State, or offer a Contract amendment to Contractor to reflect the reduced amount.

C. If this Contract overlaps Federal and State fiscal years, should funds not be appropriated by Congress or approved by the Legislature for the fiscal year(s) following that during which this Contract was executed, the State may exercise its option to cancel this Contract.

In addition, this Contract is subject to any additional restrictions, limitations, or conditions enacted by Congress or the Legislature that may affect the provisions or terms of funding of this Contract in any manner.

2. Prompt Distribution Clause

A. The State will promptly distribute funds to the Contractor, contingent upon approval by the MHSOAC and notification of approval to CDMH by the MHSAOAC, of Three-Year Program and Expenditure Plan updates submitted by the Contractor on behalf of Counties. The Contractor represents and warrants it is free to enter into and fully perform this Contract.

2. **Certification / Assurances**
   Except as otherwise indicated, the following certifications apply to all Counties:

   The following standards apply to the Contractor:

   a). This Contract will be administered in an impartial manner, free from efforts to gain personal, financial or political gain.

   b). An executive, director or employee of the Contractor, shall not solicit or accept money or any other consideration from a third person, for the performance of an act reimbursed in whole or part by the Contractor or the State. Supplies, materials, equipment or services purchased with Contract funds will be used solely for purposes allowed under this Contract. No member of the Contractor’s Board will cast a vote on the provision of services by that member (or any organization, which that member represents) or vote on any matter which would provide direct financial benefit to that member (or immediate family of the member) or any business or organization which the member directly represents.

   c). The State, by written notice to the Contractor, may terminate the right of the Contractor to proceed under this Contract if it is found, after notice and hearing by the State, that gratuities were offered or given by the Contractor or any agent or representative of the Contractor to any officer or employee of the State with a view toward securing a contract or securing favorable treatment with respect to the awarding, amending, or performing of such Contract, provided that the existence of the facts upon which the
State makes such findings that shall be an issue may be reviewed in any competent court.

In the event this Contract is terminated as provided in the paragraph above, the State shall be entitled to pursue the same remedies against the Contractor as it could pursue in the event of the breach of the Contract by the Contractor.

The rights and remedies of the Contractor provided in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract. The Contractor warrants by execution of this Contract that no person or selling agency has been employed or retained to solicit or secure this Contract upon a Contract or understanding for a commission, percentage, brokerage or contingent fee, excepting bona fide employees or agents of the Contractor, for the purpose of securing business. For breach or violation of this warranty, the State shall have the right to annul this Contract without liability, paying only for the values of the work actually returned, or in its discretion to deduct from the contract price or consideration, or otherwise recover, the full amount of such commission, percentage, brokerage, or contingent fee.

d). Contractor employees, and sub-contractors and/or consultants retained by the Contractor with funds provided under this Contract must comply with the provisions of Government Code Section 19990.

4. **Subcontracting**
The Contractor certifies that:

a). Any of the work or services specified in this Contract which will be performed by other than the Contractor will be evidenced by a written Contract specifying the terms and conditions of such performance.

b). The Contractor will maintain and adhere to an appropriate system, consistent with federal, state and local law, for the award and monitoring of contracts which contain acceptable standards for insuring accountability.

c). The system for awarding contracts will contain safeguards to insure that the Contractor does not contract with any entity whose officers have been convicted of fraud or misappropriation of funds.

d). Subcontractors will comply with all terms and conditions set forth in this Contract.

5. **Resolution**
The Contractor must provide the State with a copy of a resolution, order, motion or ordinance of its governing body which by law has the authority to enter into a Contract, authorizing execution of this Contract. Documents submitted authorizing execution of the Contract must reference the Contract number and must contain a statement of approval by the local governing body.

Additionally, the Contractor may designate an individual to act as fiscal and programmatic administrative agent for the purposes of this Contract. If the Contractor exercises this discretion, they must provide the State with a copy of a resolution, order, motion, or ordinance of the local governing body which by law has authority to enter into a Contract, authorizing the designation of an agent. Preferably resolutions should authorize a designated position rather than a named individual.
6. **Payment**

The Contractor's failure to submit complete and accurate required fiscal and programmatic reports may affect future State Fiscal Year distributions.

Funds requested by the Contractor and approved by the State for local planning purposes will be distributed in total upon approval by the State.

Upon the Contractor's receipt of notice of termination from the State, and except as otherwise directed in the notice, the Contractor shall:

a.) Stop work on the date specified in the notice;

b.) Place no further orders or enter into any further subcontracts for materials, services or facilities except as necessary to complete work under the Contract up to effective date of termination;

c.) Terminate all orders and subcontracts;

Such adjustment shall include reasonable compensation for all services rendered, materials, supplies, and expenses incurred pursuant to this Contract prior to the effective date of termination;

Rancho Cordova, CA 95670-6394

8. **Audits**

a). From time to time, the State may inspect the facilities, systems, books and records of the Contractor to monitor compliance with this Contract. The Contractor shall promptly remedy any violation of any provision of this Contract and shall certify the same to the State in writing. The fact that the State inspects, or fails to inspect, or has the right to inspect, the Contractor's facilities, systems and procedures does not relieve the Contractor of its responsibilities to comply with this Contract. The State's failure to detect or detection, but failure to notify the Contractor or require the Contractor's remediation of any unsatisfactory practice, does not constitute acceptance of such practices or a waiver of the State's enforcement rights under this Contract.
b). The Contractor will maintain and make available to auditors, at all levels, accounting and program records including supporting source documentation and cooperate with all auditors.

c). The Contractor and/or auditors performing monitoring or audits of the Contractor or its sub-contracting service providers will immediately report to the State any incidents of fraud, abuse or other criminal activity in relation to this Contract, the MHSA, or its regulations.

9. **Disallowed Costs**

The Contractor will use funds provided under this Contract for the purposes specified in the MHSA and approved Three-Year Program and Expenditure Plan. Except to the extent the State determines it will assume liability, the Contractor will be liable for and will repay, to the State, any amounts expended under this Contract found not in accordance with MHSA, applicable regulations, directives, policies and the Three-Year Program and Expenditure Plan or this Contract.
