EXECUTIVE SUMMARY

The CalMHSA Statewide Stigma and Discrimination Reduction Initiative embraces the vision of wellness, inclusiveness and concerted action at all levels as the cornerstones to eliminating stigma and discrimination. The Initiative is guided by the “California Strategic Plan on Reducing Mental Health Stigma and Discrimination” developed by the Department of Mental Health. This document serves as the foundation for The California Mental Health Services Authority (CalMHSA) Statewide Prevention and Early Intervention Implementation Work Plan (Work Plan), which sets the guidelines and principles for program development and implementation. The Work Plan is composed of three comprehensive and coordinated initiatives: Suicide Prevention, Stigma and Discrimination Reduction and Student Mental Health. Proposers are encouraged to download the entire Work Plan from the CalMHSA website (www.calmhsa.org) for additional information.

This Request For Proposals (RFP) is specifically designed to elicit providers for the Stigma and Discrimination Reduction (SDR) Initiative, Program Two: Values, Practices and Polices Program (VPPP), Component Four: Promoting Mental Health in the Workplace. This is the second release of this RFP. The first release was conducted in February 2011 and did not result in a contract award. The second release of this RFP highlights a unique opportunity to leverage and expand existing workplace or public health education programs to include a mental health and wellness component to existing training programs.

Eligible applicants that provide training and education for corporations, unions, employee assistance programs, healthcare or behavioral health organizations are encouraged to apply. The proposal guidelines may be found in the sections to follow. However listed below is a summary of the important dates and funding limits for the application process.

PART A: RFP INTRODUCTION

1.0 BACKGROUND AND PURPOSE FOR THE REQUEST FOR PROPOSALS (RFP)

The California Mental Health Services Authority (CalMHSA) is an independent administrative and fiscal government agency focused on the efficient delivery of California mental health projects. It was established by California counties in June 2009 as a Joint Powers Authority (JPA). CalMHSA's member counties work together to develop, fund and implement mental health services, projects and educational programs; and implement these services at state, regional and local levels. CalMHSA is headed by a separate Board of Directors representing Member Counties and an Executive Committee comprised of four officers and a Board member from each of five California regions. It employs the administrative firm of George Hills Company, Inc. and separate legal counsel of Murphy, Campbell, Guthrie & Alliston. CalMHSA operates within the statutes governing JPA entities and complies with the Brown Act open meeting requirements.

California is the third largest state in the United States, encompassing 163,696 square miles. There are fifty-eight counties and two city programs in California, with Los Angeles as the county with the largest population and San Bernardino as the largest county by area. Forty-three [check this] are member counties of the CalMHSA at the time of release of this RFP.

In January and September of 2007, the Mental Health Services Oversight and Accountability Commission (MHSOAC) approved five prevention and early intervention statewide projects and corresponding funding amounts. In 2008, MHSOAC determined that three PEI Statewide projects would be implemented most efficiently and effectively if administered through a single statewide entity and subsequently developed Strategic Plans for each project:¹ the Suicide Prevention Initiative, Stigma and Discrimination Reduction Initiative and the Student Mental Health Initiative. In April 2010, the Department of Mental Health (DMH) contracted with CalMHSA to administer the funding and implementation of the three PEI Statewide projects.

CalMHSA has the capacity and capability to promote systems and services arising from a shared member commitment to quality and effective performance community mental health. A central part of CalMHSA's vision is to promote systems and services arising from community mental health initiatives and to respect the values of the California Mental Health Services Act. These are: 1) Community collaboration; 2) Cultural competence; 3) Client driven mental health system for individuals across the lifespan who are receiving or have received mental health services; 4) Family driven mental

health system for families of children and youth diagnosed with serious emotional disturbance; 5) Wellness, recovery and resilience focused; and 6) Integrated service experiences for clients and their families.

CalMHSA's Member Counties, Board of Directors and Committees are shown on the CalMHSA website (www.calmhsa.org): for Member Counties, select Members; and for Executive Committee, select Governance.

CalMHSA formed an Implementation Ad Hoc Committee of Board members to review the three strategic plans, gather additional stakeholder input and write a work plan for wider stakeholder review to be submitted to the MHSOAC for approval. The Ad Hoc Committee members were selected for their experience in community planning processes and knowledge of the mental health field. The members worked closely with staff in editing and preparing the documents as well as in presenting and reviewing the documents with stakeholders. The Ad Hoc Committee enlisted the support and expertise of several community volunteers, users of mental health services and their families, service providers and concerned citizens to help guide and shape the Work Plan. The Ad Hoc Implementation Committee members are shown on the CalMHSA website (www.calmhsa.org): Select Committees. The Implementation Ad Hoc Committee has recently been replaced by a standing Advisory Committee which is made up of 12 members representing the diverse regions of California.

1.1 CalMHSA Statewide Prevention and Early Intervention Implementation Work Plan Summary

CalMHSA's Statewide Prevention and Early Intervention Implementation Work Plan (Work Plan) is composed of three comprehensive and coordinated initiatives that articulate how the JPA will implement Mental Health Services Act funds to prevent suicides, reduce stigma and discrimination and improve student mental health. This Request For Proposals (RFP) is specifically designed to elicit contractors for the Stigma and Discrimination Reduction (SDR) Initiative, Program Two: Values, Practices and Policies Program (VPPP), Component Four: Promoting Mental Health in the Workplace.

The Strategic Plans for Suicide Prevention, Stigma and Discrimination Reduction and the Student Mental Health Initiative are the building blocks for the Work Plan. This statewide stakeholder process provided a strong foundation from which to build the Work Plans. Extensive statewide stakeholder input is integrated within the Suicide Prevention and Stigma and Discrimination Reduction implementation Work Plans including the referencing of the recommended actions contained in the original DMH Strategic Plans.

The CalMHSA Statewide PEI Implementation Work Plan on Stigma and Discrimination Reduction contains priorities, themes, recommended actions and

budget information. Proposers are encouraged to download the entire Work Plan from the CalMHSA website for additional information and insights into how the Stigma and Discrimination Reduction, Suicide Prevention and the Student Mental Health Initiative are integrated into a comprehensive statewide plan.

1.1.1 CalMHSA PEI Implementation Work Plan on Stigma and Discrimination Reduction

Below is a summary of the CalMHSA Statewide PEI Implementation Work Plan for Stigma and Discrimination Reduction's priorities, themes and recommended actions. The summary is not a complete or comprehensive description of the Work Plan. Its purpose is to present a summary snapshot of the Work Plan and the activities needed to implement the Work Plan. Proposers are strongly directed to review the complete Work Plan and the DMH Strategic Plan for Stigma and Discrimination Reduction for a comprehensive view of both the Work Plan and the DMH Strategic Plan. These documents are readily available on the CalMHSA website (www.calmhsa.org). Additionally, the Scope of Work (SOW) of this RFP, Part D presents a comprehensive description of the scope of services this RFP is soliciting.

The purpose of Program Two: Values, Practices and Policies Program (VPPP) the VPPP is to encourage corporations and organizations to support the rights of people identified with mental health challenges by promoting awareness, accountability and changes in values, practices, policies and procedures across and within the workplace, systems and organizations.

2.0 MINIMUM REQUIREMENTS TO QUALIFY AS A PROPOSER

Proposer(s) shall meet the following minimum mandatory requirements in order to be eligible for CalMHSA funding. Proposers that meet the minimum requirements may include: nonprofit organizations; for-profit organizations, privately owned, incorporated or partnerships; and public entities.

- 2.1 Proposer(s) and/or their collaboration partners must have a minimum of five (5) years' experience providing stigma and discrimination reduction efforts in the community to consumers, family members and parents of consumers. The required experience may include the proposer's direct experience and the experience of its principal consultants or its collaboration partners. The experience requirement may also be met through proposer agreements or subcontracts that provide substantive involvement by consultants and/or other organization(s) that have the minimum five years' experience.

- 2.2 Proposer(s) must submit the required Letter of Intent by the date specified in Part B, Section 5.
- 2.3 Proposer(s) must comply with the RFP format and requirements set forth in Part B, Instructions for Submitting Proposals, when submitting their proposal package.
- 2.4 Proposer must submit three (3) signed letters of support, including references from organizations with whom the proposer has contractual or other business relationships that can substantiate the proposer's capacity to provide such services as described in the Statement of Work (SOW).
- 2.5 Proposer must not currently have a Settlement Agreement with any of CalMHSA's member counties or DMH for repayment of funds.

Any proposal submitted that fails to demonstrate that the proposer meets these minimum requirements may be considered non-responsive and the proposal may be rejected, at the CalMHSA's sole discretion.

3.0 FUNDING

- 3.1 Projected CalMHSA Stigma and Discrimination Reduction funding is for Fiscal Years 2011-2012 through 2013-2014. Proposers submitting a Proposal Package shall submit a proposed budget that includes a CalMHSA Stigma and Discrimination Reduction funding request not greater than the CalMHSA funding allocation for the Program (See below for Part D: Scope of Work) for FY 2011-2012 through FY 2013-2014.

4.0 LEVERAGING

- 4.1 The State guidelines emphasize that leveraging is a principle for all PEI programs. As a result, matching, cost sharing or other financial contributions from the proposer or any collaborative partners is a critical element. Applicants are encouraged to leverage resources for the Stigma and Discrimination Reduction program in order to increase the amount of services provided and broaden the impact of the program itself. Leveraging will directly affect a proposer's score with regard to the points available for those proposers that demonstrate integration of leveraged funds and resources into the Stigma and Discrimination Reduction program.

For CalMHSA PEI purposes, the term leveraging is used broadly and may be demonstrated by proposers in numerous ways such as a combination of the following:

- Cash match

- Federal reimbursements in the health system
- “Readiness” to implement PEI programs by training staff and covering release time, creating supportive policies, etc.
- Use of facilities and other resources
- Coordinating existing prevention programs with new PEI-funded early intervention programs
- Coordinating with other workplace training programs.

5.0 SCOPE OF WORK (SOW)

The scope of the services required by CalMHSA is described in Part D – Scope of Work (SOW) of this RFP. The finalized SOW, and any addenda thereto, will be incorporated into and form a part of the resulting Stigma and Discrimination Reduction program.

6.0 CalMHSA’s PERFORMANCE STANDARDS AND OUTCOME MEASURES

6.1 After award of a resulting CalMHSA Standard Services Agreement (RFP Exhibit 7: CalMHSA Standard Services Agreement) and subsequent amendments based on the RFP-issued SOW, CalMHSA or its agent will evaluate the Contractor’s performance under the Agreement and amendments on an annual basis. Such evaluation will include assessing Contractor’s compliance with all terms and performance standards and/or outcome measures identified in the Agreement and any subsequent amendments. Contractor’s deficiencies that CalMHSA determines are severe or continuing and that may place the performance of this Agreement and subsequent amendments in jeopardy may, if not corrected, be reported to the CalMHSA Board Executive Committee. The report will include improvement/corrective action measures taken by CalMHSA and Contractor. If improvement does not occur consistent with the corrective action measures, CalMHSA may terminate the Agreement and/or any amendments in whole or in part, or take other action as specified in the termination clause of the Agreement’s Exhibit C: General Terms and Conditions, Section 15: TERMINATION (attached to this RFP as Exhibit 8: General Terms and Conditions). Termination may be made pursuant to the Paragraph 15 of the Agreement.

6.2 The Contractor shall comply with all applicable Federal, State, and CalMHSA policies and procedures relating to performance standards and outcome measures. This is applicable whenever specific Federal or State funding, which has policies or procedures for performance standards and/or outcome measures, has been included as part of the Contractor’s contract and shall apply for all CalMHSA policies, procedures, or departmental bulletins approved for performance standards and/or outcome measures. CalMHSA will notify Contractor whenever CalMHSA policies or procedures are to apply to this Agreement at least, where feasible, 30 days prior to implementation. These

Federal, State or CalMHSA performance standards and/or outcome measures will be used as part of the determination of the effectiveness of the services delivered by the Contractor.

- 7.2 Independent Contractor. At all times Contractor shall represent himself/herself to be an independent contractor offering such services to the general public and shall not represent himself/herself, or his/her employees, to be an employee of CalMHSA. Therefore, the Contractor shall assume all legal and financial responsibility for taxes, FICA, employee fringe benefits, workers' compensation, employee insurance, minimum wage requirements, overtime, etc., and agrees to indemnify, save, and hold CalMHSA, its officers, agents, and employees, harmless from and against, any and all loss, cost (including attorney fees), and damage of any kind related to such matters.
- 7.3 Non-Appropriation. CalMHSA may terminate any resulting contract without further liability other than payment of debt incurred prior to termination, should funds not be appropriated to continue services for which the contract was intended.
- 7.4 Conflict of Interest. The Contractor shall warrant that no official, employee or sub-contractor of CalMHSA has an interest, has been employed or retained to solicit or aid in the procuring of the resulting contract, nor that any such person will be employed in the performance of such contract without immediate divulgence of such fact to CalMHSA.
- 7.5 Non-Collusion. Persons or organizations submitting proposals shall warrant that their offer is made without any previous understanding, agreement or connection with any person or organization submitting a separate proposal for the same program and is in all respects fair, without outside control, collusion, fraud, or otherwise illegal action. This condition shall not apply to proposals which are submitted by persons or organizations who have partnered with others to submit a cooperative proposal that clearly identifies a primary contractor and the associated sub-contractors.

CalMHSA also reserves the right to re-evaluate this component if its goals are not achieved through the issuance of this RFP.
- 7.9 No agreement with CalMHSA shall have any effect until a contract has been signed by both parties.

Other non-contract business arrangements may be reported but must be explained in a manner satisfactory to CalMHSA.

PART C – SELECTION PROCESS AND REVIEW CRITERIA

1.0 OVERVIEW OF SELECTION PROCESS

CalMHSA staff will determine whether Proposal Packages are responsive. Those that are responsive will be scored and ranked by a Selection Review Panel. The Selection Review Panel will be composed of Subject Matter Experts including stakeholders, consumers and family members. The proposals ranked highest by the Selection Review Panel will be evaluated by CalMHSA staff and consultants on the basis of best value and fullest compliance with the letter and spirit of the Work Plan, and will make recommendations to CalMHSA's Board.

2.0 ADHERENCE TO MINIMUM MANDATORY REQUIREMENTS (PASS/FAIL)

- 2.1 A Proposal Package must demonstrate that Proposer meets the minimum requirements outlined in Part A, Section 2.0 (Minimum Mandatory Requirements to Qualify as a Proposer). These include but are not limited to demonstrating the required experience, timely submission of a Letter of Intent, submission of three Letters of Support, following the format and content requirements of Part B, and not having any disqualifying Settlement Agreements.
- 2.2 After the deadline for submission of proposal packages, CalMHSA staff will determine whether each proposal package complies with the Minimum Mandatory Requirements. Failure of a proposal package to meet the Minimum Mandatory Requirements shall eliminate the proposal from any further consideration. CalMHSA may elect to waive an immaterial variance in a submitted proposal package if the sum and substance of the proposal is present, as determined in CalMHSA's sole judgment.
- 2.3 Proposers whose proposals are eliminated for failure to meet the Minimum Mandatory Requirements will be informed and have an opportunity to appeal as detailed below in Section 6.0. All other proposal packages will be passed to the Selection Review Panel for review and evaluation.

3.0 PROPOSAL PACKAGE REVIEW CRITERIA

- 3.1 All Proposal Packages that successfully adhere to the Mandatory Minimum Requirements described in Part C, Section 2.0 will be reviewed and evaluated by the Selection Review Panel based on the criteria listed below in Section 3.3. All proposals will receive a composite score and be ranked in order from high to low.
- 3.2 The Selection Review Panel may also, at its option, request additional clarifications from Proposer and/or invite proposer to make a verbal

presentation to the Selection Review Panel, and/or conduct on-site visits to proposer's existing operations.

3.3 The weighting of points identified after each heading below is the maximum number of points the Review Panel may assign to that section of the Project Narrative and Budget Cost Narrative. The six (6) weighted evaluation criteria and their respective percentage points are as follows:

3.3.1 Proposal Package Narrative – Section A – Proposer's Qualifications (20.0%). As outlined in Part B, Section 11.5.1, Section A – Proposer's Qualifications

3.3.2 Proposal Package Narrative – Section B – Program Design (45.0%). As outlined in Part B, Section 11.5.2, Section B – Program Design – Services to be provided

3.3.3 Proposal Package Narrative – Section C – Staffing Plan (10.0%). As outlined in Part B, Section 11.5.3 and Section C – Staffing Plan

3.3.4 Proposal Package Narrative – Section D – Quality Management and Data Collection (5.0%). As outlined in Part B, Section 11.5.4, Section D – Quality Management and Data Collection

3.3.5 Proposal Package Narrative Section E – Leveraging and Organizational Supports (5.0%). As outlined in Part B, Section 11.5.5, Section E – Leveraging and Organizational Supports.

3.3.6 Budget Cost Narrative (15.0%) As outlined in Exhibit 4, Budget Form and Narrative

3.4 After the Selection Review Panel has evaluated, scored, and ranked the proposals using the evaluation approach described above, it will pass the top tier (preferably two or three) proposals to a CalMHSA team of staff and consultants for analysis and recommendation to CalMHSA's Board. Top tier proposals generally will be those that in the judgment of the Selection Review Panel could effectively implement the program.

4.0 EVALUATION OF TOP TIER PROPOSALS BY CalMHSA STAFF AND CONSULTANTS AND RECOMMENDATIONS TO CalMHSA BOARD

4.1 To assist the CalMHSA Board with its responsibilities, CalMHSA staff, with the possible assistance of consultants, will evaluate the top tier proposals based on their scoring by the Selection Review Panel and the degree to which each satisfies the goals of the approved Work Plan.

4.2 Recommendations of CalMHSA staff and any consultants utilized by CalMHSA staff may include splitting the funds or apportioning elements of the top tier proposals out to achieve the outcome most consistent with the values of the Work Plan.

5.0 NOTIFICATION OF AWARD OF AGREEMENT/FINAL CONTRACTS AWARD BY THE CalMHSA BOARD

- 5.1 After receiving comments and recommendations from CalMHSA staff, the Board will vote on the top tier proposals identified by the Selection Review Panel process.
- 5.2 CalMHSA will notify all Proposers of the CalMHSA Board's final selections. The notice shall not create rights, interests, or claims of entitlement in the resulting selected Proposers except as stated in Section 6.0 of this Part C.
- 5.3 The selected Proposers must be prepared to enter into a PEI Services Agreement with CalMHSA.

6.0 NOTIFICATIONS AND PROPOSER'S BASIS FOR APPEAL

- 6.1 Proposers whose Proposal Package was rejected pursuant to Section 2.0 of this Part C will be notified of the rejection at that time.
- 6.2 All Proposers will be notified of the Board's final selection of proposals.
- 6.3 A Proposer may only appeal CalMHSA's decision to reject or not approve its proposal based on the following two grounds:
 - 6.3.1 If the Proposal was rejected under Section 2.0 of this Part C, the proposer has three (3) business days to file a written appeal with CalMHSA. The time to appeal runs from the date that the USPS delivers CalMHSA's registered letter to Proposer's address of record containing CalMHSA's Rejection Letter.
 - 6.3.2 If the Proposal was not rejected under Section 2.0 but was not chosen for funding by CalMHSA's Board, the Proposer can appeal CalMHSA's decision not to fund the Proposal based on the following two grounds:
 - a. A Conflict of Interest exists with a person or persons on the Review Panel.
 - b. CalMHSA has failed to follow its Purchase and Procurement Policy as posted on the CalMHSA website (www.calmhsa.org; Select Documents, Resolution 10-01).
 - c. If its proposal was not chosen for funding by CalMHSA's Board, Proposer has five (5) business days to file a written appeal with CalMHSA. The time to appeal runs from the date that the USPS delivers CalMHSA's registered letter to the proposer's address of record containing CalMHSA's Rejection Letter stating that the

Proposal was not selected for funding.

Filing an appeal as described in subsections 6.3.1 and 6.3.2 means actual delivery to CalMHSA, whether by USPS, other parcel delivery service, or hand delivery. It is recommended that all appeals be sent to CalMHSA via registered mail or delivery requiring an acceptance signature by CalMHSA.

6.4 Any appeal shall (1) state in detail each and every ground asserted for the protest, citing to the law, rule, local ordinance, procedure or bid provision on which the protest is based; (2) explain why the error prevented the aggrieved person or organization from being awarded the contract; and (3) identify the remedy sought.

6.5 All appeals shall be sent to CalMHSA at:

John E. Chaquica, Executive Director
CalMHSA
ATTN: Appeal of Decision for Stigma RFP
C/o George Hills Company, Inc.
3043 Gold Canal Drive, Suite 200
Rancho Cordova, CA 95670

6.6 After receiving an appeal, CalMHSA's Executive Director will provide a written decision. Before issuing a decision, the Executive Director may, but is not required to, seek additional information or engage in informal discussions in an attempt to resolve the issue. The written decision issued by the Executive Director will be deemed final as of the date transmitted to the appealing party.

6.7 If the Executive Director determines that the error identified by the appealing party has deprived that party from receiving the contract, the Executive Director may cancel the RFP or proposed contract, revise it to comply with these rules, terminate an improperly awarded contract, or affirm an existing contract if the discovered defect is immaterial or affirmation is in the best interest of CalMHSA.

7.0 NOTICES TO PROPOSERS REGARDING THE PUBLIC RECORDS ACT

7.1 Responses to this solicitation shall become the exclusive property of CalMHSA. All proposals will be treated as confidential until the selection process is completed and a contract signed. After that, all proposals will become public records. In the event that a proposer desires to claim portions of its proposal exempt from disclosure, it is incumbent upon the proposer to clearly identify those portions with the exception of those parts of each proposal which are justifiably defined by the proposer and plainly marked as "Trade Secret,"

"Confidential," or "Proprietary."

- 7.2 CalMHSA shall not, in any way, be liable or responsible for the disclosure of any such record or any parts thereof, if disclosure is required or permitted under the California Public Records Act or otherwise by law. **A blanket statement of confidentiality or the marking of each page of the proposal as confidential shall not be deemed sufficient notice of exception. The proposers must specifically label only those provisions of their respective bid/proposal which are "Trade Secrets," "Confidential," or "Proprietary" in nature.**

PART D – SCOPE OF WORK FOR STIGMA AND DISCRIMINATION REDUCTION SERVICES

1.0 INTRODUCTION

1.1 Overview of the Stigma and Discrimination Reduction Initiative

Stigma and Discrimination Reduction is one of three Mental Health Services Oversight and Accountability Commission (MHSOAC) Strategic Initiatives of Statewide Prevention and Early Intervention (PEI) programs being implemented through the California Mental Health Services Authority (CalMHSA) PEI Implementation Work Plan. The overall goal of the Initiative is to implement Statewide Mental Health Service Act prevention and early intervention programs that will reduce stigma and discrimination related to mental health challenges. Outlined below are the Stigma and Discrimination Reduction Program, Program Two: Values, Practices and Polices Program (VPPP), Component Four: Promoting Mental Health in the Workplace and Scope of Work based on the recommended actions from the Stigma and Discrimination Reduction Strategic Plan.

1.2 Statewide Framework for Implementation of PEI Plans

The *MHSOAC Guidelines for Prevention and Early Intervention Statewide Programs* (MHSOAC PEI Guidelines) was used by CalMHSA to develop the Work Plan for implementation of the three Strategic Plans for California Statewide PEI Programs for Stigma and Discrimination Reduction, Suicide Prevention and Student Mental Health. The MHSOAC PEI Guidelines serve as a guide to support both vertical and horizontal integration across and within each of the individual programs.

The Work Plan guiding principles and policy directions are as follows:

- Each statewide program should be complementary to the other programs (e.g., the Stigma and Discrimination Reduction Program should address how its design complements suicide prevention and vice versa) and should complement other state, regional and local resources
- All programs should be inclusive of stakeholder involvement
- All programs should be culturally and linguistically competent, respectful and inclusive of California’s diverse population across all age groups including seniors
- All programs should have a lifespan appropriate focus for children, transition age youth and transition age foster care youth, adults and older adults
- All programs should address California’s geographical diversity, ranging from small communities spread over large rural areas to metropolitan areas with suburban expanse and urban density

- All programs should optimally leverage federal, state and local resources
- All programs should support data driven policies and evidence based, promising and community defined practices
- All programs should improve the cultural competence and cultural and linguistic appropriateness of stigma and discrimination reduction activities
- Scale of implementation should match the resources available

2.0 STATEWIDE STAKEHOLDER PROCESS

The Work Plan is built on the foundation of an extensive statewide stakeholder input process conducted over three years for stigma and discrimination reduction and suicide prevention resulting in CalMHSA prioritizing and constructing the individual Stigma and Discrimination Reduction and Suicide Prevention Strategic Initiatives. A separate stakeholder process was used for the Student Mental Health Initiative. Recommendations from stakeholders were continuously considered, reviewed and included in the Work Plan and in the individual Stigma and Discrimination Reduction, Suicide Prevention, and Student Mental Health Initiatives.

3.0 PREVENTION AND EARLY INTERVENTION

The Stigma and Discrimination Reduction Initiative contractors are required to adhere to the MHSA definition of prevention and early intervention. As used throughout the Scope of work, prevention is defined as taking action *before* behavioral health problems occur, versus intervening after symptoms appear or incidents occur. This approach takes into consideration the role of the social, physical, economic and cultural environment in influencing behavioral health problems and how those environments can be changed to prevent the onset of these issues in the first place. Early intervention is defined as activities that occur *early on* in the manifestation of behavioral health issues. This is to distinguish these activities from treatment and recovery activities that are provided to individuals with long-standing behavioral health concerns. Activities addressed in this plan promote prevention and early intervention strategies which include public education and contact-based campaigns in order to confront the fundamental causes of stigmatizing attitudes and discriminatory and prejudicial actions.

The underlying structural framework for the Stigma and Discrimination Reduction Programs are based on the *Spectrum of Prevention*, developed by the Prevention Institute and utilized in public health for program planning. The *Spectrum of Prevention* promotes a comprehensive framework for advancing prevention and early intervention strategies. The Spectrum includes six levels of activities that support the effectiveness of prevention concepts. The Spectrum of Prevention has been used nationally in prevention initiatives targeting traffic safety, violence prevention, injury prevention, nutrition, fitness and the Washington State Suicide Prevention Plan. The prevention and early intervention strategies targeting the reduction of stigma and discrimination in

mental illness should also reflect a range of activities similar to that of the Spectrum of Prevention.

The Stigma and Discrimination Reduction Programs will be designed in order to ensure vertical integration across the six levels of change as defined by the Spectrum (Strengthening Individual Knowledge and Skills; Promoting Community Education; Educating Providers; Fostering Coalitions and Networks; Changing Organizational Practices; and Influencing Policy and Legislation), but also horizontal integration across the Student Mental Health, Stigma and Discrimination and Suicide Prevention Programs under the Statewide Prevention and Early Intervention Initiatives.

As a condition of the contract award, and in order to ensure statewide coordination of all efforts across programs, successful applicants will be required to participate in the CalMHSAs Statewide PEI Mental Health Initiative Statewide Coordination Workgroup (SCW); coordinate with the Student Mental Health Higher Education, Student Mental Health K-12 and with the Suicide Prevention Programs; and participate in the statewide evaluation effort.

4.0 COMMON POINTS ACROSS THE STIGMA AND DISCRIMINATION REDUCTION PROGRAMS

All programs under the Stigma and Discrimination Reduction Initiative are expected to prioritize prevention and early intervention approaches in their work. In addition, the programs of the Stigma and Discrimination Reduction Initiative share these core principles and values:

- Implement culturally and linguistically competent strategies and programs that reduce disparities and reflect the values and beliefs of diverse populations
- Employ a life-span approach to effectively meet the needs of different age groups
- Recognize that individuals experiencing mental health challenges are resilient and have the capacity for recovery and that the best results in treatment for those experiencing mental health challenges comes from voluntary programs that offer choice and options
- Community collaboration
- Cultural and linguistic competency
- Individual/family-driven programs and interventions, with specific attention to individuals from underserved communities
- Wellness focus including resilience and recovery
- Integrated mental health system service experiences supported by outcomes-based program design

5.0 OUTCOMES-BASED PROGRAM DESIGN AND EVALUATION FRAMEWORK

Contractors are expected to adhere to an outcomes-based program design, using a logic model to demonstrate how their activities are sufficient and adequate for achieving the intended outcomes. Respondents for this RFP will be expected to articulate specific, measurable, achievable, relevant, and time-bound objectives for their intended outcomes; to state those intended outcomes in their proposal; and to provide their logic model with their submission.

CalMHSA will conduct a statewide evaluation of the intended outcomes at the system, community and consumer levels across the three Statewide Initiatives: Stigma and Discrimination Reduction, Suicide Prevention, and Student Mental Health. Each of the three Statewide Initiatives is intended to have unique and specific impacts. While implementation throughout California communities will vary to best meet the unique needs of each of the state's diverse communities, they will also share a common evaluation foundation similar to the Centers of Disease Control (CDC) Evaluation Framework². Respondents should consider this framework when developing their intended outcomes and logic model. The framework consists of the following six steps:

- Step 1: Engagement of stakeholders
Including those involved in program operations, those served or affected by the program and primary users of the evaluation
- Step 2: Description of the program
Needs, expected effects, activities, resources, stage of development, context, and logic model
- Step 3: Focused evaluation design
Purpose, users, uses, questions, methods, agreements
- Step 4: Provision of credible evidence
Indicators, sources, quality, quantity, logistics
- Step 5: Justification of conclusions
Standards, analysis and synthesis, interpretation, judgment, recommendations
- Step 6: Reported program and service experience and sharing of lessons learned
Design, preparation, feedback

This framework lends itself to measuring the effectiveness of the three statewide PEI initiatives (Stigma and Discrimination Reduction, Suicide Prevention and Student Mental Health) at both local and statewide levels and is complementary to the *Spectrum of Prevention* model for suicide prevention strategy development. Moreover, the framework explicitly incorporates involvement of stakeholders at all levels of evaluation, from development to implementation to analysis and reporting.

² Summary of the CDC Evaluation Framework has been extracted from the CDC Evaluation Working Group publication at <http://www.cdc.gov/eval/framework.htm>

Successful applicants across all three initiatives are mandated to comply with data requests that will support the statewide evaluation of the Statewide Prevention and Early Intervention Initiatives. CalMHSA contractors will be required to: collaborate with the statewide evaluators and collect data related to consumer demographics, baseline/follow-up, service utilization studies and service experience at the program level; submit data to the CalMHSA evaluation team according to a pre-established schedule; and engage stakeholders including community, consumers and family in program evaluation procedures and activities.

CalMHSA will coordinate the evaluation of the statewide PEI implementation. CalMHSA contracts with GHC for administrative, financial and program management. GHC expanded its program management capacity by a contract with the California Institute for Mental Health (CiMH) which will include subject matter expertise for evaluation design and ongoing consultation. CalMHSA's program management will include direct oversight of the statewide PEI evaluation. The CalMHSA Statewide Evaluation Experts (SEE) Team shall provide training and technical assistance to CalMHSA contractors regarding data collection and research design. The CalMHSA SEE team will work closely and coordinate with MHSOAC Evaluation Committee, complementing their evaluation efforts as appropriate.

6.0 PROGRAM TWO – VALUES, PRACTICES AND POLICIES PROGRAM (VPPP) DESCRIPTION

6.1 Background

Stigma and discrimination occur in our schools and communities and health care and workplace environments. From the 1950's to the 1990's, the percentage of Americans who viewed individuals with mental health challenges as dangerous nearly doubled.³

Anti-stigma and discrimination activities should be designed to engage and educate groups on standards and guidelines to promote balanced messages and strength based portrayals of people living with mental health challenges. Training should target various systems, including corporations, unions, employee assistance programs, hospitals, primary care environments, law enforcement organizations, mental health and behavioral health professional training programs and others. Training should focus on the lived experience of people diagnosed with mental health challenges and include people with lived experience in the facilitation and presentation of the training curriculum.

³ Pescosolido, B.A., Martin, J.K., et.al (2000). American's view of mental health and illness at century's end: continuity and change. Public Report on the MacArthur Mental Health Module, 1996 General Social Survey.

Training should also address the social determinants of health, day to day factors which contribute to the development of mental health challenges.

In addition to schools, community, and workplace environments, primary care settings are a critical location for addressing stigma and discrimination and access to needed services. Primary care sites can be less stigmatizing and more culturally relevant environments for identifying and addressing mental health concerns while also addressing physical health needs. Most individuals seek primary care services a few times a year, providing primary care providers with numerous opportunities to identify behavioral health problems early and intervene in a manner that prevents further distress and avoids significant future costs. People can reduce their risk of developing a major medical illness, receive more effective treatment and reduce their health care costs when they seek treatment from an interdisciplinary primary care team including behavioral and mental health care providers.

The workplace is another area where stigma and discrimination in response to mental health challenges impacts the health of the community. Employers can play a significant role in improving the overall health of the workforce by reducing the stigma attached to employee self-reporting and promoting help seeking behavior. Human resource departments, unions and employee assistance programs are encouraged to provide training for supervisors and employees that identify the early signs of mental illness, the social determinants that contribute to them and strategies for early intervention. Through training and the development of linkages with mental health service providers, employers can increase access to vital services, improve the overall health of the workforce, lower healthcare costs and increase productivity.

6.2 Program Description

The purpose of the Values Practices and Policies Program is to promote awareness, accountability and changes in values, practices, policies and procedures across and within workplace systems and organizations that encourage the respect and rights of people identified with mental health challenges.

Specific activities:

- Identify and disseminate best practices for incorporating mental and emotional wellness in the workplace
- Engage employers and employer organizations in partnerships to address the importance promoting mental wellness and reducing stigma

- Conduct training statewide for employers on the importance of mental health wellness for all employees and best practices for promoting wellness
- Utilizing information on capacity, needs and best practices identified by other CalMHSA PEI Statewide SDR programs, conduct training statewide for healthcare and /or behavioral health staff on stigma and discrimination reduction utilizing best practice anti-stigma training strategies for populations across the lifespan and underserved ethnic, racial and cultural communities and trainers with lived experience Conduct training statewide for system partners (for example: law enforcement, first responders, social services, etc.) on stigma and discrimination reduction utilizing best practice anti-stigma training strategies and trainers with lived experience

Specific activities required for all contractors:

- Participate in the CalMHSA Statewide Coordinating Workgroup to coordinate activities across these five program components, across all the Stigma and Discrimination programs and across all the CalMHSA Initiatives (Suicide Prevention, Stigma and Discrimination Reduction, and Student Mental Health)
- Coordinate with other stigma and discrimination reduction training activities within each county in California to avoid duplication
- Increase the capacity of existing best-practice anti-stigma training programs in California

Stigma and Discrimination Programs and with the Suicide Prevention and Student Mental Health Programs.

6.5 Outcomes

Respondents will need to describe their expertise and recommend methods for evaluation of their program evaluation.

Respondents will be expected to adhere to an outcomes-based program design and are expected to provide a logic model to demonstrate how their activities are sufficient and adequate for achieving the intended outcomes. The selected respondents will be expected to participate, in conjunction with all other PEI Statewide Projects contractors, in a comprehensive statewide evaluation to be conducted through a contract with the RAND Corporation. In addition to the outcomes listed below, proposers are encouraged to review and consider the additional SSEP outcomes that are listed in the Work Plan:

BUDGET NARRATIVE AND JUSTIFICATION

Proposer must provide a narrative explaining its proposed budget costs and a justification for the costs. A budget and narrative must be submitted for each area addressed in the request.

GENERAL INFORMATION

The budget must clearly indicate that a viable program will be operating within the timeframe allotted for the program. The Budget Narrative, an attachment to the Budget Form, must provide the formulas (calculations) showing how each dollar amount that appears on the Budget Form was calculated. All amounts are to be rounded off to the nearest dollar.

Following are explanations of the allowable line item categories and examples of how line item amounts are calculated. The examples show how formulas on the required Budget Narrative and Justification should look. Proposer is responsible for the accuracy of all information presented in its Budget Form or Budget Narrative. Any errors may result in loss of points.

CalMHSA will comply with the DMH Guidelines (DMH Information Notice No. 10-06) for PEI Statewide Programs in managing and controlling costs for direct and indirect costs. CalMHSA's responsibility for maximizing the components of these costs as related to direct and indirect costs related to each program will require proposers to provide costs as requested in Exhibit 4.

Salary: Program Coordinator @ 4000 mo. X 12 mos. = \$48,000

Employment Benefits: 26% X \$48,000 = \$12,480

Total Program Coordinator salary and benefits: \$48,000 + \$12,480 = \$60,480

2. Administration/Support

- Indicate the staff position and salary for each staff person proposed for the program

- Indicate the percentage of Employee/Fringe Benefits for each staff classification. This includes FICA, unemployment insurance, workers' compensation, and health insurance. List total Employee/Fringe Benefit Package costs for each staff position

Employment Benefits: 26% X \$30,000 = \$7800

\$30,000 + \$7800 = Total Project Coordinator salary and benefits

EXAMPLE:

Curriculum Consultant: 50 hours at \$200/hour = \$10,000

Contractor and its subcontractors shall give written notice of their obligations under this clause to labor organizations with which they have a collective bargaining or other Agreement.

Contractor shall include the nondiscrimination and compliance provisions of this clause in all subcontracts to perform work under the Agreement.

12. **AUDITS; ACCESS TO RECORDS:** Contractor shall make available to CalMHSA for examination any and all ledgers, books of accounts, invoices, vouchers, cancelled checks, and other records or documents evidencing or relating to the expenditures and disbursements charged to CalMHSA, and shall furnish to CalMHSA such other evidence or information as CalMHSA may require with regard to any such expenditure or disbursement charged by the Contractor.

Contractor shall maintain full and adequate records in accordance with CalMHSA requirements to show the actual costs incurred by the Contractor in the performance of

this Agreement. If such books and records are not kept and maintained by Contractor within the State of California, Contractor shall, upon request of CalMHSA, make such books and records available to CalMHSA for inspection at a location within the state or Contractor shall pay to CalMHSA the reasonable, and necessary costs incurred by CalMHSA in inspecting Contractor's books and records, including, but not limited to, travel, lodging and subsistence costs. Contractor shall provide such assistance as may be reasonably required in the course of such inspection. CalMHSA further reserves the right to examine and reexamine said books, records and data during the three year period following termination of this Agreement or completion of all work hereunder, as evidenced in writing by CalMHSA, and the Contractor shall in no event dispose of, destroy, alter, or mutilate said books, records, accounts, and data in any manner whatsoever for three years after CalMHSA makes the final or last payment or within three years after any pending issues between CalMHSA and Contractor with respect to this Agreement are closed, whichever is later.

13. **DOCUMENTS AND MATERIALS:** Contractor shall maintain and make available to CalMHSA for its inspection and use during the term of this Agreement, all Documents and Materials, as defined in Section 8 of this Agreement. Contractor's obligations under the preceding sentence shall continue for three years following termination or expiration of this Agreement or the completion of all work hereunder (as evidenced in writing by CalMHSA), and Contractor shall in no event dispose of, destroy, alter or mutilate said Documents and Materials, for three years following CalMHSA's last payment to Contractor under this Agreement.

It is the responsibility of Contractor to insure all documents and materials are in compliance with applicable industry regulations and standards.

14. **TIME OF ESSENCE:** Time is of the essence in respect to all provisions of this Agreement that specify a time for performance; provided, however, that the foregoing shall not be construed to limit or deprive a party of the benefits of any grace or use period allowed in this Agreement.
15. **EARLY TERMINATION:** CalMHSA reserves the right to suspend, terminate or abandon the execution of any work by Contractor without cause at any time upon giving to Contractor 30 days' written notice. In the event that CalMHSA should abandon, terminate or suspend Contractor's work without cause, Contractor shall be entitled to payment for services provided prior to the effective date of said suspension, termination or abandonment, computed consistently with the requirements of this contract. If CalMHSA terminates the Agreement because Contractor has failed to perform as required under the Agreement (see Section 22), CalMHSA may recover or deduct from amounts otherwise owing under the Agreement any costs it sustains resulting from Contractor's breach. Upon receipt of notice of termination, Contractor shall stop work as of the date specified, and transfer to CalMHSA any materials, reports

or other products which, if the Agreement had been completed or continued, would have been required to be furnished to CalMHSA.

16. **CHOICE OF LAW:** This Agreement shall be governed by the laws of the State of California.
17. **WAIVER:** No waiver of a breach, failure of any condition, or any right or remedy contained in or granted by the provisions of this Agreement shall be effective unless it is in writing and signed by the party waiving the breach, failure, right or remedy. No waiver of any breach, failure, right or remedy shall be deemed a waiver of any other breach, failure, right or remedy, whether or not similar, nor shall any waiver constitute a continuing waiver unless the writing so specifies.
18. **ENTIRE AGREEMENT:** This Agreement, including all attachments, exhibits, and any other documents specifically incorporated into this Agreement, shall constitute the entire agreement between CalMHSA and Contractor relating to the subject matter of this Agreement. As used herein, Agreement refers to and includes any documents incorporated by reference and any exhibits or attachments. This Agreement supersedes and merges all previous understandings, and all other agreements, written or oral, between the parties and sets forth the entire understanding of the parties regarding the subject matter thereof. The Agreement may not be modified except by a written document signed by both parties.
19. HEADINGS herein are for convenience of reference only and shall in no way affect interpretation of the Agreement.
20. **ADVERTISING OR PUBLICITY:** Contractor shall not use the name of CalMHSA, its officers, directors, employees or agents, in advertising, social marketing campaigns, publicity releases or otherwise without securing the prior written consent of CalMHSA in each instance.
21. **MODIFICATION OF AGREEMENT:** This Agreement may be supplemented, amended or modified only by the mutual agreement of the parties, expressed in writing and signed by authorized representatives of both parties.
22. **CORRECTION OF DEFICIENCIES:** Failure of Contractor to comply with the provisions of this Agreement shall constitute a material breach. In the event of such a breach, CalMHSA may, at its sole discretion (and in addition to any other remedies available at law or under this Agreement):
 - a. Afford Contractor thereafter a time period within which to cure the breach, which period shall be established at the sole discretion of CalMHSA; and/or

- b. Discontinue reimbursement to Contractor for and during the period in which Contractor is in breach, which reimbursement shall not be entitled to later recovery; and/or
 - c. Withhold funds pending duration of the breach; and/or
 - d. Offset against any monies billed by Contractor but yet unpaid by CalMHSA those monies disallowed pursuant to subdivision "b." of this section; and/or
 - e. Terminate this Agreement immediately.
23. **SUBCONTRACTING/ASSIGNMENT:** Contractor shall not assign this Agreement or its duties or obligations hereunder without CalMHSA's prior written approval. Contractor shall disclose subcontracts and subcontractors to CalMHSA, which will be deemed to have notice of those subcontractors and subcontracts disclosed in the bid or proposal.
- a. Neither party shall, on the basis of this Agreement, contract on behalf of or in the name of the other party. Any agreement that violates this section shall confer no rights on any party and shall be null and void.
 - b. Contractor shall remain fully responsible for compliance by its subcontractors with all the terms of this Agreement, regardless of the terms of any agreement between Contractor and its subcontractors and regardless of whether CalMHSA approved the subcontract.
24. **SURVIVAL:** The obligations of this Agreement, which by their nature would continue beyond the termination on expiration of the Agreement, including without limitation, the obligations regarding Indemnification (Section 2), Ownership of Documents (Section 8), and Confidentiality (Section 9), shall survive termination or expiration.
25. **BUDGET CONTINGENCY CLAUSE:** It is mutually understood that CalMHSA is funded by amounts that Counties voluntarily transfer or assign to it, that such funding originates with the State and may be reduced or eliminated by the State, and that CalMHSA has no authorization to obtain additional funding by imposition of taxes, fees, or mandatory contributions. At the time it enters into this Agreement, CalMHSA's Board has reason to believe that it has sufficient funding to satisfy its obligations under the Agreement. If due to unforeseen contingencies CalMHSA determines that it will not be able to fully fund the obligations it has undertaken:
- a. CalMHSA may give notice to Contractor that this Agreement is cancelled and the Agreement shall no longer be in full force and effect. In the event of such cancellation, CalMHSA shall have no liability to pay further funds to Contractor or to furnish any other considerations under this Agreement and Contractor shall not be obligated to further perform any provisions of this Agreement.

- b. CalMHSA may alternatively offer an Agreement amendment to Contractor to reflect the reduced amount available.
26. **SEVERABILITY:** If a court of competent jurisdiction holds any provision of this Agreement to be illegal, unenforceable, or invalid in whole or in part, the validity and enforceability of the remaining provisions, or portions of them, will not be affected, unless an essential purpose of this Agreement would be defeated by the loss of the illegal, unenforceable, or invalid provision.
27. **AUTHORITY TO SIGN:** By signing this agreement, signatory warrants and represents that he/she executed this Agreement in his/her authorized capacity and that by his/her signature on this Agreement, he/she or the entity upon behalf of which he/she acted, executed this Agreement.
28. CalMHSA may request Contractor to provide CalMHSA a copy of Contractor's most recent compiled, reviewed or audited financial reports.
29. **SUBSTITUTIONS:** Contractor's key personnel as indicated in its proposal may not be substituted without notice to CalMHSA.
30. **PROVISIONS RELATING TO DATA:**
- a. "Data" as used in this Agreement means recorded information, regardless of form or characteristics, of a scientific or technical nature. It may, for example, document research, experimental, developmental or engineering work; or be usable or be used to define a design or process; or support a premise or conclusion asserted in any deliverable document called for by this Contract. The data may be graphic or pictorial delineations in media, such as drawings or photographs, charts, tables, mathematical modes, collections or extrapolations of data or information, etc. It may be in machine form, as punched cards, magnetic tape, computer printouts, or may be retained in computer memory.

- d. "Deliverable data" is that data which under terms of this Agreement is required to be delivered to CalMHSA.
- e. Deliverable data shall be the property of CalMHSA. Proprietary data and generated data that does not constitute deliverable data shall be the property of Contractor. However, as to generated data, Contractor grants a no-cost, non-exclusive, non-transferable, irrevocable, royalty-free, worldwide, perpetual license to use, publish, translate, produce and to authorize others to produce, translate, publish and use the data, subject to any restrictions imposed by federal and state laws protecting the confidentiality of private or individually identifiable medical information.
- f. Prior to the expiration of the three year retention period stated in Section 12 above and before destroying any data, Contractor shall notify CalMHSA of any such contemplated action; and CalMHSA may within 30 days of said notification determine whether or not this data shall be further preserved. If it makes such a determination, CalMHSA shall pay the expense of further preserving this data. CalMHSA shall have unrestricted reasonable access to the data that is preserved in accordance with this Contract.

31. PUBLICATION OF EVALUATION DATA OR REPORTS:

- a. Contractor shall not disclose data or documents or disseminate the contents of the final or any preliminary report without written permission of CalMHSA. However, all public entities shall comply with California Public Records Act (Government Code Sections 6250 et seq.) and the Freedom of Information Act (Title 5 of the United States Code Section 552), as applicable.
- b. Permission to disclose information or documents on one occasion shall not authorize Contractor to further disclose such information or documents on any other occasions except as otherwise provided in the Contract or required by law.
- c. If requested by CalMHSA, Contractor shall require each of its employees or officers who will be involved in the performance of this Contract to agree to the above terms in a form to be approved by CalMHSA and shall supply CalMHSA with evidence thereof.
- d. Each subcontract shall contain the foregoing provisions related to the confidentiality of data and nondisclosure.

- e. After any data or documents submitted has become a part of the public records of CalMHSA, Contractor may at its own expense and upon written approval by CalMHSA, publish or utilize the same data or documents but shall include the following Notice:
