Public comment cards to be submitted to Laura Li and individuals on the phone were instructed to email Laura Li with their comments.

4. CONSENT CALENDAR

5. PROGRAM MATTERS

A. Sustainability Taskforce Report – Alfredo Aguirre

Alfredo Aguirre presented an overview of Sustainability Taskforce recommendations. Director Aguirre reviewed the recommendations including one concerning augmented services for counties that fund above the contribution threshold. Members expressed their concerns regarding language in the action and amended the recommendation to reflect the appropriate language.

Action: 1) Direct staff to establish a funding contribution threshold for counties to receive augmented services through the Phase III Statewide PEI Project. Recommended funding for augmented services contribution threshold is at least 5% or $300,000 in contributions to the Phase III Statewide PEI Project. 2) Authorize staff to extend and amend current Phase II contracts for the first year of the Phase III Statewide PEI Project Implementation Plan, based
on available funding. 3) Authorize staff to enter into sole source contracts with two, Phase II subcontractors for FY 17-18, based on the CalMHSA Sole Source Procurement Policy, and available funding.

Motion: Maureen Bauman, Placer County
Second: Anne Robin, San Luis Obispo County

Public comment was heard from the following individual(s):
None

B. Each Mind Matters Presentation
This item was postponed until June.

Action: Information only.

Public comment was heard from the following individual(s):
None.

6. FINANCIAL MATTERS

A. Finance Committee – Complexities Related to Non Paying Counties
Treasurer, Bill Walker, provided an overview of the staff report. The topic prompted the Finance Committee to have several meetings to develop a reasonable solution. As discussion ensued, the members felt it was a complex matter and should be tabled and brought back to the members with another alternative at a future meeting.

Action: Tabled for a later meeting.

Public comment was heard from the following individual(s):
None.

B. George Hills Company Contract with CalMHSA
Treasurer, Bill Walker, provided an overview of the staff report and the recommendation for discussion. The members requested to see the George Hills Company Contract with CalMHSA. As discussion ensued, the members felt it was difficult to proceed without having a draft contract to review and consider. In addition, members felt they needed more time to assess future goals/purpose of CalMHSA. Therefore, the Members present indicated a willingness to extend the current contract for one additional year, in order to allow them the time necessary, to define the future of CalMHSA. Given there was not a quorum of the board present for this action item, formal action was postponed to a later meeting, not past June 30, 2017.
No action taken, lack of quorum.

None.

**History**

The El Paso de Robles Youth Correctional Facility opened in 1947 as the Paso Robles School for Boys. It was originally housed in Quonset huts, on 140 acres of the abandoned Estrella Army Corps Base. This property was acquired by the State of California after World War II.

Most of the institution, as we know it today, administration and living units were completed in 1954 with a design capacity of approximately 300 wards.

Due to a declining ward population, the institution was closed briefly in 1972. It reopened two years later as El Paso de Robles School.

The 1980’s brought a significant increase in population as well as new construction. 1988, marked by completion of the 140 bed Los Robles Forestry Camp, a maintenance complex and a security control center. The Skip Ottoson Visiting and Training Center as well as an additional 180 bed living unit were completed in 1990. In 2001 a state of the art Out-patient Housing Unit was completed replacing a 1954 infirmary. The Education Department was remodeled in 2004 adding a 6 new classrooms and upgrading the air condition system.
FACILITY DESCRIPTION

The facility was designed to house 300 wards. New construction has increased designed housing capacity to 732. Current population is 208.

The Administration Building and a chain link fence make up the outer walls of the institution on the east. The interior security area of the institution is enclosed within a chain link fence. All chain link fencing is twelve (12) feet tall and topped with two strands of razor wire. All buildings used by wards and custody, administrative, education and ancillary staff are primarily modern, reinforced brick structures, six to eight inches thick.

Gates and fences are twelve feet high. The west sally-port gate is electrically operated through the use of a key by specified on-site personnel. This gate provides access to the institution for vehicular traffic.

The north, east and west fences have gates which can accommodate vehicular traffic. The fence is equipped with a fence alarm system that sounds an alarm in Main Control. A video fence surveillance system allows visual inspection of the fence area by Main Control. The institution sits on approximately 60 acres this including the parking areas and Plant of Operations.

What is Social Marketing and How Does it Apply to the Each Mind Matters Campaign

CalMHSA Board Meeting
June 15, 2017
Definition of Social Marketing

Social marketing is the planning and implementation of programs designed to bring about social change using concepts from commercial marketing.
• What Distinguishes a Social Marketing Campaign?
  – To bring about “social good” whereas a commercial marketing effort’s primary goal is financial gain.
  – Benefits the person and/or society at large, not the marketer.
  – Changing a negative behavior into a positive behavior
  – Long-term benefits for the person and/or society
• Key Components of a Social Marketing Campaign
  – Research
  – Use of multiple disciplines
  – Integration across disciplines
  – Culturally relevant messaging
  – Message relevance to the target and influencers
  – Evaluation
• Beginning in 2011 with strategic planning, we synthesized insights, input, theory and evidence to develop the campaign logic model.

• A baseline survey found that adult Californians were generally ambivalent about people with mental illness; however social norms and anticipated consequences of taking action played a large role in attitudes and beliefs.
• We grounded our approach in behavior change theory - cognitive dissonance (Festinger, 1957), reasoned action (Ajzen & Fishbein, 1980) and planned behavior (Ajzen & Fishbein, 2005) - and mental health education and contact strategies (Corrigan, 2005).
• The strategy for the Each Mind Matters effort is highly segmented, leveraging influencers and people with lived experience to create an umbrella brand that rings true with multiple diverse audiences.

Suicide can be prevented and people with suicidal thoughts and feelings can be helped.

Many people find that their periods of suicidal feelings are temporary, getting through the immediate crisis can avoid suicide attempts. It's important to know that people who have struggled with thoughts of suicide, and even those who have attempted suicide, can and do recover and go on to lead full and active lives.

Social Media Highlights

• Suicide Prevention content resonated most strongly, evident by spikes in social media engagements.
• Toolkits, mental health news stories and celebrity shout-outs were effective on social media.
• Using a supportive voice ("raise mental health awareness") increased social engagement and contributed largely to website traffic. Whereas, shifting away from a topical/timely voice most likely contributed to decreased eNewsletter engagement.
Social Media Highlights

• Suicide Prevention content resonated strongly across social media and contributed to high levels of engagement and website traffic. Strategy: Integrate more suicide prevention-related content in the editorial calendar including around observances and important dates.

• Key conversations are taking place between followers on EMM social media channels whether EMM is involved or not. Strategy: Find new ways to add value on social media to attract new audiences and encourage organic conversations.
All of EMM’s social media channels remain among the top five referral sources for the entire EMM website. Strategy: Find ways to create more engaging moments-in-time (Facebook Live, Stories, etc.)

Giving kudos helps as does hashtagging. Strategy: Leverage more broadly-used hashtags, tag celeb/influencers and partners and provide more helpful toolkit-type content to increase engagement and website traffic.

FINANCIAL MATTERS  
Agenda Item 6.A.

SUBJECT: CalMHSA Agreement for Administrative and Financial Services with George Hills

ACTION FOR CONSIDERATION:  
Recommend for Board Approval of the Fourth Amendment to the George Hills contract.

BACKGROUND AND STATUS:  
CalMHSA entered into a formal contract on October 28, 2009, with George Hills, to be the Administrative Company to manage CalMHSA. That contract was later amended upon the execution of the CalMHSA contract with the Department of Mental Health on April 15, 2010. Subsequently, and since then, the CalMHSA Finance Committee was asked to continually review the performance of the contract and the financial terms with GH and report to the board. At the December 13, 2013, Board of Directors Meeting, action was taken to approve the amended contract with GH, with a term of July 1, 2014 through June 30, 2017. With the GH Contract term coming to the end, the Finance Committee has met twice in 2017 to discuss and recommend for approval by the Board. At the March 27, 2017 Finance Committee meeting the recommendation was to go forward on a Sole Source basis the renewal and three-year extension of the GH Contract. At the April 13, 2017 Board meeting the item was discussed, but there was not a quorum to take action. However, based on input received at that meeting of a potential one-year extension, the Finance Committee met again on May 8, 2017 and reached the following conclusions:

1. Based on discussion, and the section below in italics, that conducting a RFI, RFQ, and/or RFP was not deemed necessary.

2. The GH proposed terms seemed reasonable and appropriate. The Finance Committee was in support of renewal, but could not reach consensus on the length of the contract—one, two, or three year term.

3. Finance Committee recommended that this item be reviewed by the CalMHSA Executive Committee for the purpose of making a recommendation for approval by the Board of a one, two, or three year renewal of contract.

As a matter of information, the following contract termination clause applies: “This Agreement may be terminated in the following ways:

(a) By mutual agreement of the parties, expressed in writing.

(b) By either party, without cause, by providing the other party not less than one ninety days (90) days written notice.

(c) By either party at any time, for good cause, by providing the other party not less than sixty days (60) written notice. The party attempting to terminate this Agreement for
good cause shall specifically outline in writing the factual bases for the allegations of

good cause as defined herein, and shall give the other party thirty (30) days after

receiving the written notice of termination for good cause to cure the alleged cause

for termination. The terminating party shall not unreasonably refuse to accept the

proposed cure offered by the other party.

(d) If CMHSA determines GH is abusing or defrauding, or has abused or defrauded

CMHSA or others in relation to this Agreement, CMHSA may immediately terminate

this Agreement upon verbal notice to GH to be followed by written notice.

(e) If, during the term of this Agreement, State funds appropriated for the purpose of this

Agreement are reduced or eliminated, CMHSA may immediately terminate this

Agreement upon written notice to GH.

CalMHSA’s Procurement Policy generally requires a competitive selection processes but

includes exceptions recognizing that noncompetitive contracting may better serve CalMHSA in

some cases. The Procurement Policy lists factors that may justify sole source contracting,

including the following: “Retaining professional services, such as but not limited to, an attorney,
auditor, manager or administrator, to maintain expertise, continuity, consistency and
knowledge of CalMHSA.” In this case the extension of the GH contract will allow for:

1. Special knowledge and expertise of vendor, in that the staff provided by GH are

specialized in managing CalMHSA’s various and programs and JPA’s in general, which

are vital to the services required of CalMHSA.

2. Continuity - Continuation of programs without disruption. Any other administrator

would have to furnish space, and hire and train new staff. The current administrator
keeps expenses low by utilizing some staff on a part-time basis while their remaining
time is dedicated to other GH related matters. This includes the JPA Administrative
Manager, Finance Director and Chief Operations Officer, as well as IT, reception, and HR
staff. Additionally, the contract has been able to retain certain subject matter expert
staff at a reduced level (80%), which includes Program Manager and Program Director.

3. Comparability – The CalMHSA Finance Committee requested GH study comparable
staffing and associated costs with two models: (1) another CSAC affiliated JPA (CSAC-
EIA), and (2) a comparable county. In both cases, the cost per employee and associated
costs exceed GH costs. Two sister BH County organizations that have structures to
potentially achieve some fraction of CalMHSA’s functions are CBHDA and CIBHS, both
with different purposes and IRS status. In the past the Finance Committee [or Board]
has also looked at the JPA hiring, managing and housing its own staff; but due to
economies mentioned below, that alternative has not been found to be cost effective.

4. Efficiency – CalMHSA is unique in that it is an entity that provides program,
administrative and fiscal services in support of its members acting alone or in

collaboration with other departments. CalMHSA includes an extensive list of program
operations, including but not limited to, administration of PEI services, contract and
negotiations with state and/or other providers, risk pools, group purchasing, contract
management, research and development, data management and maintenance of a research depository.

GH’s involvement in CalMHSA’s creation and operation of these programs has been instrumental and its knowledge and experience could not easily be replaced. This includes retention of essential staff, relationships with stakeholders and program partners, and connections with key people at relevant state agencies. The contractual inability of a different administrator to employ current staff, other than the Executive Director, could result in a significant loss to CalMHSA’s institutional memory and effectiveness.

In addition, the Finance Committee has found the cost of GH’s services as a percentage of program dollars has been well within standards.

Time is another factor that has been considered. It is estimated that an RFP process could take 6-9 months. The cost for conducting such a RFP is unknown, but would likely require use of personnel other than CalMHSA staff to avoid conflicts of interest, assuming GH chose to compete for the contract. The uncertainty during that process could lead to erosion of staff morale and the loss of key staff. Moreover, if a new vendor is selected, the start-up and transfer period could be another several months.

Should the JPA determine that releasing an RFP is the preferred next step, the following is a draft summary of tasks for the JPA:

1. Prepare a timeline for the Board
2. Follow Procurement Policy for Contract for services for RFP management
3. Form a Board Committee for developing an RFP
4. Recruit Review Committee/Panel
5. Release RFP
6. Collect and prepare responses to RFP questions
7. Conduct Proposer’s Question and Answer conference/webinar
8. Collect letters of intent
9. Develop a scoring tool and interview protocols
10. Select a review panel
11. Conduct training for Review Committee/Panel
12. Collect Proposals
13. Convene a Committee/Panel to review proposals and score
14. Notification to the Board of final selections
15. Obtain Board approval for contracting with final selection

PROPOSED FOURTH AMENDMENT TO THE AGREEMENT BETWEEN CALMSHA AND George Hills

George Hills proposal for extension is as follows:

1. This extension allows for continued program funding and compensation.
2. The terms provide for flexibility in the event of CalMHSA funding decreases or increases adjustments.

3. In the event of increased programs or services, compensation shall increase to reflect the current hourly rate of $99 per hour/per FTE. In the event of decreased program funding, George Hills shall make similar adjustments downward FTE reductions required to support the revised budget.

4. Annual adjustments to the above rate, for cost of living, shall be limited to 2% per annum.

On May 24, 2017 the Executive Committee met via teleconference to consider the above recommendation from the Finance Committee. After having heard all background information and justification for the sole source contract, the Executive Committee approved the recommendation with an amendment as follows:

Approval of a sole source contract extension with George Hills for a term of two (2) year with option to extend for an additional year.

**RECOMMENDATION:**
Recommend for Board Approval of the Fourth Amendment to the George Hills contract.

ACTION FOR CONSIDERATION:

Approval of the CalMHSA Proposed Revenue and Expenditure Report – June 30, 2018

BACKGROUND AND STATUS:

The CalMHSA Bylaws provide for a fiscal year of July 1 to June 30, and require the Board of Directors to adopt the annual budget by July 1 of the new fiscal year. The draft budget is to be presented to the Board at least 45 days prior. (Bylaws, §§ 4.1.3, 8.1, and 9.1.)

Ms. Kim Santin, CalMHSA Finance Director, will provide an oral overview of the timeline for Compilation of the Annual Revenue and Expenditure Report – Proposed Budget June 30, 2018, distributed as discussed above.

The Sustainability programs have the following key items for the Board of Directors consideration

Historically CalMHSA has allowed a certain number of counties that have chosen to not reimburse CalMHSA for state hospital bed contract management and negotiations, however this budget includes invoicing for those beds. The state department has taken the position that counties not having executed the DSH MOU for FY 14-15/FY 15-16, will be required to pay a higher rate.

   - RSE, Inc. – $1,150,000
   - Each Mind Matters Outreach & Engagement - $300,000
   - NAMI California - $200,000
   - Active Minds – $350,000
   - Foundation for California Community Colleges – $400,000
   - Your Social Marketer – $450,000
   - The Social Changery - $400,000

   - RAND Corporation - $300,000

   b. Delegate authority to the Taskforce to direct staff on allocating up to $2 million in additional funds to Phase III contractors if funds become available.

2. Authorize the Executive Director to execute new contracts and/or contract extensions with selected contractors consistent with the foregoing approvals.

BACKGROUND AND STATUS

- At the December 15th, 2016 Board of Directors meeting, the Board Members adopted the Statewide PEI Project Phase III Plan.
- At the February 9th, 2017 Board of Directors meeting, the Sustainability Taskforce presented prioritized activities of the Phase III Plan given a reduced anticipated funding level.
- At the April 13th, 2017 Board of Directors meeting, the Board of Directors adopted a funding threshold level for Augmented Services of the Phase III Plan for Counties that contribute at a higher level. In addition, the Board authorized staff to extend and amend current Statewide PEI Project contractors and sole source two current subcontractors for the first year of the Phase III Plan (FY 17/18).
- At the May 8th, 2017 Finance Committee Meeting, members proposed a $5.1 million budget for the Statewide PEI Project in FY 17/18. Of this, $3.7 million is proposed to fund Statewide PEI Project contracts.
Note: CalMHSA staff estimate at least $200,000 will remain unspent from the FY 16/17 Statewide PEI Project contractors. This carryover will be applied to the FY 17/18 contractors for Phase III after July 1, 2017.

Strategies and goals of the Phase III Statewide PEI Project
The approved Phase III Plan identified two priority strategies for implementation – Social Marketing & Informational Resources, and Research, Evaluation and Surveillance. The Social Marketing & Informational Resources strategy can be further delineated into the following activities: 1) Dissemination, 2) Technical Assistance, 3) Networks and Collaborations, and 4) Development of New Outreach Materials to Reach Diverse Communities. These activities support the goals of increased capacities, increased reach and dissemination of materials and increased usage of materials. Collaboration between program partners will also be critical to achieve goals of the Phase III Plan. Attachments 1-9 provide an overview of the work projected for each contractor and each contractor is aware of the proposed reduction in contract awards. Subsequent to Board action on June 15th, staff will negotiate final scopes of work for each contractor.

Community Stakeholder Involvement in the Statewide PEI Project
All Statewide PEI Project programs and resources have been and are developed with guidance and input from community stakeholders from across California. CalMHSA’s community stakeholder involvement is informed by MHSA Regulations and public health best practices. Community stakeholder involvement in the Statewide PEI Project includes and is not limited to program planning and implementation, monitoring, quality improvement, and evaluation. Community stakeholders include and are not limited to individuals from fields of mental health, substance use, public health, and education, who represent a diverse range of perspective including consumers, family members, underserved ethnic and cultural groups, youth, older adults, community clinics, community-based organizations, faith-based organizations, foundations, health plans, research and surveillance institutions, public colleges and universities, county and state agencies, statewide offices, state legislative officials, and national policy advocacy groups. Best practices in stigma reduction and suicide prevention efforts incorporate feedback from community stakeholders who serve the targeted community, are a member of the targeted community, and/or receive services/support. Community stakeholders participate and collaborate to develop the content and format of efforts and in addition, new materials and campaigns are focus tested and new materials are vetted for final edits from the targeted community.

In Phase III, RSE will build on CalMHSA’s original investment – raising awareness, inspiring action and supporting activities that will expand California’s Mental Health Movement. Our grassroots approach will provide a statewide infrastructure that will grow the Each Mind Matters (EMM) movement in the local, diverse communities of California’s counties. Our approach will also implement targeted programs and education that reach California’s Latino communities. The EMM movement will reflect collective efforts that aim to prevent suicide, improve student mental health and reduce the stigma and discrimination associated with mental illness.

**Each Mind Matters Public Awareness and Education**

- Maintain Each Mind Matters engagement through an integrated communications plan for social marketing strategies statewide that can be leveraged locally
- In collaboration with Each Mind Matters Outreach & Engagement, Your Social Marketer and The Social Changery, develop and implement a strategic plan for increasing dissemination and usage of materials and resources
- Maintain, review and refine EMM family of websites including EachMindMatters.org; SanaMente.org; WalkInOurShoes/PonteEnMisZapatos.org; SuicideIsPreventable/ElSuicidioEsPrevenible.org;
- Develop and/or adapt materials to meet local PEI needs

**Diverse Communities and Special Populations**

- Engage key stakeholders (County Behavioral Health Agencies, Ethnic Service Managers, Community Based Organizations and others) to broadly disseminate existing tools and resources
- Based on findings from various diverse communities reports and stakeholder feedback, develop and/or adapt culturally responsive campaign materials for mental health promotion and prevention of mental illness and suicide to:
  - Enhance the SanaMente campaign to include:
  - Address gaps, new/emerging threshold pops, and special pops at most risk for suicide

**Evaluation**

- Review, and address as needed, the need of a targeted evaluation with direction from CalMHSA and partners at NORC
- Coordinate with RAND on CalMHSA external evaluation development and execution, as needed
In Phase III, the Each Mind Matters (EMM) Outreach & Engagement (O&E) team will be primarily responsible for building EMM partnerships and sustainability. This will include developing relationships with larger statewide guilds, associations and state agencies to engage and integrate EMM. Through these relationships, O&E will pursue grassroots funding efforts to support EMM integration; in doing so, O&E will be a critical partner to the CalMHSA Fund Development Project. As the Fund Development Project explores multi-million dollar funds to support CalMHSA efforts, O&E will explore smaller, more grassroots contributions. The O&E team will be responsible for being the public “face” of EMM, attending conferences, tabling, and managing the EMM online store. Finally, as directed by the Board, O&E will also create the infrastructure for Each Mind Matters to become a 501(c)3 organization.

Developing community partnerships and sustainability opportunities for Each Mind Matters

- Participate in grant writing opportunities with partners to expand the integration and reach of Each Mind Matters
- Collaborate with CalMHSA Fund Development Project, keeping them apprised of smaller grassroots funding in EMM that can be leveraged for larger fund development opportunities

Statewide Community Outreach & Engagement

- In coordination with other contractors, develop and implement a strategic outreach plan within the first quarter. O&E will prioritize reaching Latino communities and counties that have large Latino presence
- Coordinate with program partners to identify EMM volunteers that can be dispatched to attend further events beyond those identified in the strategic outreach plan; develop a reporting requirement for volunteers and inform counties of any local EMM ambassadors
- Develop and maintain partnerships with previous partners, grantees and state-level and local organizations; as appropriate, share information with program partners to ensure these partners continue to receive EMM technical assistance and resource navigation
- Increase the reach of the Each Mind Matters Insider newsletter to ensure diversity of sectors and populations as well as geographic reach

SUBJECT: Proposed Bylaw Changes

ACTION FOR CONSIDERATION:

Approve the proposed amendments to the Bylaws as shown in the Exhibit to this Agenda item.

BACKGROUND AND STATUS:

Current bylaws require the Board to meet at least twice a year, and restrict the Board from delegating 10 different items to the Executive Committee. However, obtaining a quorum of the Board is often difficult. The current Bylaws provide that at a regularly scheduled Board meeting, in the absence of a quorum of the Board the Executive Committee can act for the Board. This is even true as to six of the 10 items that otherwise cannot be delegated to the Executive Committee. These six are:

- Accepting a new member
- Approving a budget
- Amending the bylaws
- Approving contracts with administrators and legal counsel
- Establishing a Program
- Approving dividends or assessments

The net result of the current bylaws is that CalMHSA is forced to schedule a Board meeting to address items, even though it is likely that only the Executive Committee will address the items because a quorum of the Board will not be present. Noticing a Board meeting with knowledge that the Executive Committee is likely to act instead can come across as “bait and switch.”

Four types of matters currently cannot be addressed by the Executive Committee under any circumstances, even when a quorum of the Board is not present. These are:

- Approval of indebtedness
- Expulsion of a member
- Termination or suspension of rights of a member in default
- Approve dissolution of the Authority
These four items currently require a two-thirds vote of the entire Board. Because CalMHSA almost never has that many Board members present, these items are effectively impossible under current bylaws.

The proposed amendments to the bylaws would entirely eliminate the supermajority vote requirement. Also, items requiring a Board meeting, as opposed to an Executive Committee meeting, would be reduced to the following:

- Approval of indebtedness
- Approval of a budget
- Amendment of the bylaws
- Approval of dissolution of the Authority

The proposed amendments would require at least one Board meeting per year, and allow the Executive Committee to meet between Board meetings. Obviously, Board meetings can be scheduled more frequently, and all members of the Board can attend Executive Committee meetings and have input even if voting would only be by the Executive Committee.

**FISCAL IMPACT:**

None.

**RECOMMENDATION:**

Approve the proposed amendments to the Bylaws as shown in the Exhibit to this Agenda item.

**TYPE OF VOTE REQUIRED:**

Majority vote of the Board of Directors

The Executive Director shall review each applicant’s submittal and may schedule a meeting with the applicant to discuss. The Executive Director shall report the results which shall be the basis for the recommendation to the Board. The Board shall either approve, as provided in Section 4.1.3.1, or disapprove the application based upon the Executive Director’s recommendation, the application, and any inspections, reports, or other material which would be pertinent to the decision.

ARTICLE 4 - BOARD

Section 4.1 – Board Composition

4.1.1 The Board of the Authority shall be comprised of one representative from each Member. In addition to the director appointed to represent the Member, an alternate is designated by the director, who may vote in the absence of the director.

4.1.1.1 Each representative, when voting on Authority business, shall have the authority to bind his or her Member to the action taken by the Board.

4.1.1.2 The Member may change any of its representatives (director or alternate) to the Board by providing written notice to Authority.

4.1.1.3 At a Board meeting only one representative, if more than one representative is present, may vote on behalf of the member.

4.1.2 The Board shall provide policy direction for the Executive Committee, and the Executive Director, and other appointed committees. The Board may delegate any of its responsibilities except those requiring a vote by the Board as specified in the Agreement or the Governing Documents.

4.1.3 The Board reserves unto itself the authority to do the following (except where specifically otherwise noted, the majority of the Board members present at a meeting may take action):

4.1.3.1 Accept a new member into the Authority;

4.1.3.2 Approve indebtedness (two-thirds vote of the entire Board);

4.1.3.3 Adopt a budget;

4.1.3.4 Amend these Bylaws;

4.1.3.5 Approve contracts for Authority administrative services and legal counsel;

4.1.3.6 Establish a Program if the Program involves more than one member and funding by members;

4.1.3.7 Approve dividends and assessments to members of a Program year;

4.1.3.8 Expel a member from the Authority (two-thirds vote of the entire Board);

4.1.3.9 Terminate or suspend the rights of a member in default (two-thirds vote of the entire Board); and

4.1.3.10 Approve dissolution of Authority (two-thirds vote of entire Board.)
Section 4.2 - Meetings of the Board

4.2.1 The Board shall hold at least two one regular meetings each year to review all operations of the Authority. The Board will establish a time and place to hold such regular meetings and notice shall be sent to each director and alternate.

4.2.2 Every Member is expected to have its director or alternate attend Board meetings.

4.2.3 All meetings of the Board shall be conducted in accordance with the Ralph M. Brown Act (Government Code §54950 et seq.)

4.2.4 A special meeting may be called by the President or Vice President in the absence of the President, or a majority of the Board, by notifying the Executive Director of the purpose of the meeting. The Executive Director shall provide 24 hours written notice to each director and alternate representative stating the purpose, date, time, and place of the meeting.

Section 4.3 - Voting

4.3.1 The presence of a majority of the membership of the Board shall constitute a quorum for the transaction of business. Following the establishment of a quorum, measures may be passed by a simple majority of Members present and voting, except as stated below.

4.3.2 A super majority of the Board is required as to those matters which are so specified in Section 4.1.3.

4.3.3 As to votes on Program-specific matters (including but not limited to motions to approve Program Participation Agreements, to terminate a Program, or to expel a participant from a Program), only those members participating in the Program will be counted in determining whether there is a quorum and whether there is approval by a majority of those present and voting. Voting by Program participants regarding Program matters may be by roll call of the members participating. Program-specific votes shall be designated as such in the agenda for the meeting.

4.3.4 Upon the motion of any Board Member, seconded by another, passage of a measure by the Board will require approval through a weighted voting procedure rather than by majority or super majority vote. For weighted voting purposes there shall be a total of 75 votes. Each Member shall have one vote. The remaining votes shall be allocated among the Members based on the most recent census. “Census,” as used in the Agreement and these Bylaws, shall mean the most recent E-1 Population Estimates of county population prepared by the California Department of Finance Demographic Research Unit. This calculation shall be performed and reviewed annually in June, prior to the next fiscal year. Any weighted vote will be a roll call vote. Weighted votes must be cast in whole by the voting county and may not be split. As to an action affecting only one of the Authority’s established Programs, the number of votes a member has shall be determined by the formula stated in this paragraph, but only the weighted votes of the participants in the Program would be counted in determining whether there is a quorum and whether there is approval by a majority of those present and voting.
4.3.5 Voting by proxy shall not be permitted.

4.3.6 If a quorum of the Board is not present at a regular meeting of the Board, the Executive Committee may act in the Board’s stead if a quorum of the Executive Committee is present, except as to those actions listed in Section 4.1.3, as provided in Section 6.1.4.

4.3.7 Representatives of Member Counties or Cities that have not financially participated in any Program of the Authority may attend and participate in Board meetings and vote on agenda items not specific to a particular Program, but may not be a member of the Executive Committee until such time as their County or City takes all steps necessary to assign Statewide PEI funds or to participate financially in some other Program of the Authority resulting in funds being received by the Authority for or on behalf of the member.

Those candidates receiving a majority of votes in each office will succeed to those offices. If no nominee receives a majority vote, the nominee with the least votes shall be deleted as a nominee and a new vote taken. This elimination process will continue until one nominee receives a majority vote. Each director to the Board or in the absence of any director, his/her alternate shall be eligible to vote.
5.4.4 The officers will serve for their elected terms with the Authority or until termination of office or employment with their Member, or until removal from office by a majority vote of the Board, whichever is earliest.

5.4.5 Vacancies in any office shall be appointed by the President, with the approval of the Board, at the next regularly scheduled Board meeting held after the vacancy occurs. A vacancy in the position of President shall be filled by election at the next regularly scheduled Board meeting held after the vacancy occurs.

Section 5.5 - Duties

5.5.1 **President** - The President shall preside at all meetings of the Authority. The President shall appoint the members of all ad hoc committees, which may be formed as necessary or appropriate for carrying on the activities of the Authority. The President shall serve as ex-officio member of all committees.

5.5.2 **Vice President** - The Vice President shall also serve as ex-officio member of all committees, when the President is unable to attend. In the absence of or temporary incapacity of the President, the Vice President shall exercise the functions covered in Section 5.5.1 above.

5.5.3 **Secretary** - The Secretary will be responsible for the oversight of staff’s preparation and distribution of all minutes and agendas of the Board, and any other committee meetings, preparing necessary correspondence, and maintaining files and records.

**ARTICLE 6 - COMMITTEES**

Section 6.1 – Executive Committee

6.1.1 **Members** - To facilitate the expeditious handling of transactions relating to the Authority’s operations, an Executive Committee is established. The members shall be: 1) the offices of President, Vice President, Treasurer, Secretary; and 2) one director from each of the five regions utilized by CMHDA: Bay Area, Central, Los Angeles, Southern, and Superior, 3) a member-at-large, and 4) the immediate past President, if available. The Board Members elected to represent a region on the Executive Committee may be either a County’s (or City’s) mental health director or the designated alternate for such mental health director. Only the individual elected to represent the region can vote on the Executive Committee,
regardless of whether that individual is a mental health director or a designated alternate, except that alternate regional representatives may vote in the absence of the regional representative.

6.1.2 **Elections** - At the last regularly scheduled meeting of a fiscal year ending during an even numbered year, the Bay Area, Los Angeles and Southern regions shall each elect a representative and an alternate for a two-year term to commence on July 1 of the subsequent fiscal year to serve on the Executive Committee. At the last regularly scheduled meeting of a fiscal year ending during an odd-numbered year, the Superior and Central regions shall each elect a representative and an alternate for a two-year term to commence on July 1 of the subsequent fiscal year to serve on the Executive Committee. Only the directors for those counties within a region shall be eligible to vote for the representative of that region. At the first regularly scheduled meeting following CMHDA’s CBHDA’s annual elections, the Board shall elect a member-at-large who shall serve a term beginning the first day of the next month and concluding upon the first day of the month following the election of a successor member-at-large. If possible the member-at-large shall be an officer of CMHDACBHDA.

6.1.3 **Meetings** - The Executive Committee will meet as required by business. A majority of the members of the Executive Committee is a quorum for the transaction of business. Such meetings will be duly noticed to all Board directors and alternate representatives. The Secretary of the Board shall be responsible for minutes of the meetings and within 30 days of the Executive Committee’s meeting shall send copies of such minutes to all Board directors, alternate representatives, and members of the public who have requested notice of such meetings. All meetings of the Executive Committee shall be conducted in accordance with the Ralph M. Brown Act (Government Code § 54950, et seq.).

6.1.4 **Authority** - The Executive Committee shall have the same authority as that of the Board except for those items specifically reserved unto the Board in Section 4.1.3, and as to those items (except those requiring a two-thirds vote of the Board) the Executive Committee can act in the absence of a quorum of the Board at a regularly scheduled meeting, subject to the Appeal Process stated in Section 6.1.7. The Executive Committee may also exercise the authority delegated by a vote of the majority of the participants in a Program.

6.1.5 **Attendance** - Attendance of Executive Committee members is essential to conducting the business of the Authority. An Executive Committee member missing a maximum of two meetings in a fiscal year, shall be subject to review by the Board or Executive Committee concerning forfeiture of his/her membership on the Executive Committee.

6.1.6 **Vacancies** - The remaining term of any vacant representative position shall be appointed by the President, with the approval of the Board, at the next regularly scheduled Board meeting held after the vacancy occurs.

6.1.7 **Appeal Process** - Any action taken by the Executive Committee may be appealed by a minimum of five of the Members of the Authority to the Board by filing a written notice of appeal with the Executive Director within 21 days following the date the minutes are mailed as provided in Section 6.1.3. Such written appeal may be made by a single written notice of appeal signed by at least five of the Members, or by individual notices of appeal
from at least five of the Members. To be effective, the notice of appeal need only state that the Member requests the action to be placed on the agenda of the next meeting of the Board for reconsideration. Upon receipt of such appeal, the Executive Director shall stay the action, and place the appeal on the agenda of the next regularly scheduled Board meeting. The Board may rescind, modify or ratify the challenged action of the Executive Committee, and the decision of the Board shall be final. If at the next regularly scheduled Board meeting a quorum of the Board does not appear but a quorum of the Executive Committee is present, the Executive Committee may rescind, modify or affirm its prior action and such action shall be treated as the final action of the Board.

6.1.8 Minutes – To avoid delay in the distribution of minutes of the meetings of the Executive Committee, the Secretary of the Board shall within 14 days of the meeting send a draft copy of the minutes to each Executive Committee member who attended the meeting, and shall request that any corrections be provided within 7 days. After the 7-day correction period, the Secretary shall make any necessary corrections and shall send the minutes of the meeting to each Board member and alternate as required in Section 6.1.3.

Section 6.2 - Nominating Committee

6.2.1. A nominating committee shall be appointed by the President with the consent of the Board for the purpose of annual elections of Executive Committee members and the biennial elections of officers. The Nominating Committee shall consist of a minimum of three and a maximum of five members, and shall not include more than two members of the Executive Committee.

6.2.2. The nomination of candidates for the officers and Executive Committee shall be made in writing to the Board no later than 30 days prior to the last regular Board meeting of the fiscal year. The slate of nominees will be mailed to each director at least seven days before the last regular Board meeting of the fiscal year. Additional candidate(s) may be nominated at the time of the meeting, provided the candidate(s) meet the requirements set forth in Sections 5.4 and 6.1.

Section 6.3 – Finance Committee

6.3.1 The Finance Committee is established as a standing committee to oversee, review, and provide direction to the Authority’s Board of Directors regarding the Authority’s financial matters and investment programs. This Section 6.3 shall amend and supersede the Charter of the Finance Committee adopted on October 13, 2011.

6.3.2 The Finance Committee shall be composed of six voting members consisting of the Authority’s Treasurer, who shall serve as Chair, and a representative from each of the five (5) CMHDA regions. At least three of the Committee members shall be Board Members, who shall be determined and appointed by the President and approved by the Board of Directors. Two of the Committee members may be Chief Financial Officers of a County member of the Authority. In addition, the committee shall include the President of the Board of Directors, who shall serve as a non-voting Ex Officio Member.

6.3.3 Each committee member shall serve a two-year term with a renewal option upon recommendation of the Committee Chair and approval by the Board of Directors. New
6.3.4 The Treasurer’s term as Chair shall correspond to his or her term as Treasurer as provided in Article 5. Other members’ terms shall be two years, except that in order to create staggered terms, the initial terms of three regional members (Los Angeles, Central and Superior) shall be three years. All such terms will be deemed to begin on December 31, 2011.

6.3.5 The Finance Committee shall have the following duties:

6.3.5.1 Review the Authority’s financial policies and make recommendations for the Board’s approval.

6.3.5.2 Review the proposed annual operating budget presented by the Executive Director. After any appropriate revisions, the committee will accept the budget. Then the committee chair will present the budget to the Board of Directors for approval.

6.3.5.3 Interview and recommend selection of the external auditor when directed by the Board of Directors.

6.3.5.4 Review audited financial statements and accept and file report.

6.3.5.5 Recommend guidelines and goals for the investment of the Authority’s funds to the Board of Directors.

6.3.5.6 Review the status of the Authority’s investments.

6.3.5.7 Because action may need to be taken on short notice, more quickly than the Board of Directors could be convened, the Finance Committee is authorized to review bids of, select, contract with and/or discharge the investment consultant and/or the investment manager, if the President concurs. When it so acts, the Finance Committee shall report such actions to the Board of Directors at its next meeting.

6.3.5.8 Other duties as authorized by the Board of Directors.

Section 6.4 – Advisory Committee

6.4.1 A standing Advisory Committee has been established to serve as a hub of communication and disseminate program information to stakeholders, partners, the Executive Committee and the Board of Directors.

Six of the members shall be current members of the Board of Directors, and of these six, one shall be a member of the Executive Committee and each of the other five shall represent a CMHDA region. There shall be six stakeholder members, five of which shall represent a CMHDA region. One Board member and one stakeholder shall act as co-Chairs of the Advisory Committee. Each stakeholder member shall occupy a position of influence and be empowered to speak for
his/her organization, and shall contribute to diverse representation of consumers and families, cultural groups, and age spans and geographic regions. Stakeholder members are selected by application to CalMHSA. Vacancies will be filled by a selections committee. The Selection Committee shall attempt to fill any vacant position with a member who represents the same CMHDA region and fulfills the Committee need for representation from diverse constituencies.

6.4.3 Members serve personally, and cannot be represented on the Advisory Committee by alternates. Members serve a term of two years, except that half of the original roster of members shall serve an initial term of three years. Each of the co-chairs shall serve initial three-year terms. The stakeholder co-chair shall designate two other stakeholder members to serve initial three-year terms, and the Director co-chair shall designate two other Director members to serve initial three-year terms. Vacancies shall be filled by a selection committee (which includes stakeholder representation) appointed by the President.

6.4.4 The Advisory Committee shall advise the Executive Committee and/or the Board of Directors regarding the following subjects:

6.4.4.1 Regular reporting from Program Partners in key areas related to Core Principles adopted by the Authority

6.4.4.2 Development and administration of a system for compiling, analyzing and reporting stakeholder feedback on the statewide PEI and other programs

6.4.4.3 New programs or structures to be created, including program monitoring, compliance, and reporting of results

6.4.4.4 Member services and expansion of the Authority’s services

6.4.5 The Advisory Committee will make recommendations to the Executive Committee and/or Board of Directors that have been adopted by consensus. When consensus is not reached, opposing positions will be reported to the Board of Directors.

6.4.6 Stakeholder members of the Advisory Committee will adhere to the Advisory Committee’s Stakeholder Conflict of Interest Policy. Board Members that are members of the Advisory Committee are required to comply with the Authority’s Conflict of Interest Code and Conflict of Interest Policy.

Section 6.5 - Other Committees

Section 8.1 - Fiscal Year

The fiscal year of the Authority shall be the period from July 1st of each year through June 30th of the subsequent year.

ARTICLE 9 - BUDGET

Section 9.1 - Budget

The Board shall adopt an annual budget by July 1 of each year, with receipt of a draft budget forty-five days prior thereto.

ARTICLE 10 - ESTABLISHMENT AND ADMINISTRATION OF FUNDS

Section 10.1 - Administration of Funds

The Authority is responsible for the strict accountability of all funds and reports of all receipts and disbursements. It shall comply with every provision of law relating to the subject, particularly Section 6505 of the California Government Code, and any other regulations that become applicable based on the source or nature of funding received.

The funds received for each Program shall be accounted for separately on a full-accrual basis. The portion of each Program contribution allocated for payment of expenses, if any, shall be held by the Authority for the Program participants for each Program, and accounted for as prescribed by each Program Participation Agreement.
Section 10.2 - Deposit and Investment of Authority Funds

The Treasurer may deposit and invest Authority funds, subject to the same requirements and restrictions that apply to the deposit and investment of the general funds in accordance with California Government Code and in accordance with the Investment Policy annually.

Section 10.3 - Accounting Method for Programs

The accounting method for each Program will be in accordance with the provisions of the Participation Agreement governing that Program and the principles established by the Government Accounting Standards Board.

ARTICLE 11 - ADMINISTRATION

Section 11.1 - Executive Director

The Board shall appoint the Authority’s Executive Director. The Executive Director shall be responsible for the daily administration, management, and operation of the Authority's Programs and shall be subject to the direction and control of the Board and the Executive Committee. The Executive Director may, but need not be, an employee of the Authority, a consultant, or a corporation. Such arrangement shall be governed by contract and approved by Board.

Section 11.2 - Compensation and Employment of Executive Director

The Authority shall compensate the Executive Director for services rendered to the Authority in such amount and manner as may be approved by the Board. Details respecting compensation, termination, and other employment related matters pertaining to the Executive Director shall be governed by such terms and conditions as the Board shall establish.

Section 11.3 – Authority of the Executive Director to Execute Contracts

The Board or the Executive Committee may delegate authority to the Executive Director to execute certain contracts on behalf of the Authority, either as to particular contracts, or as to particular categories of contracts. As used in this section, “contracts” includes Participation Agreements.

Section 11.4 – Program Director

The Board, or the Executive Director if authorized by the Board, may retain a Program Director to assist CalMHSA in setting goals and priorities; developing and managing the Authority’s Programs and projects; interacting with the state, counties, stakeholders and consumers on behalf of the Authority; contracting with and monitoring contractors; keeping the Authority’s Board informed of CalMHSA activities; and reporting to the California Department of Mental Health and the Mental Health Services Oversight and Accountability Commission.

Section 11.5 – Compensation and Employment of Program Director

**ARTICLE 12 - PROGRAMS**

**Section 12.1 - Formation of Programs**

12.1.1 The Authority may establish Programs in such areas as the Board may determine.

12.1.2 The Authority may authorize and use administrative funds to study the development/feasibility of new Programs. In the event of such development, the estimated Member contributions shall be developed by the Executive Director and each Member will be given a stated time period to state in writing whether it intends to participate in the new Program. Unless written notice of intent to participate in a Program is provided to the Executive Director by the Member, it shall be presumed that the Member declines to participate. Upon conclusion of the notice period, Member contributions will be determined and billed to the Members committed to join. Receipt by the Authority of funds from third parties on behalf of, or as the assignee of, the Member will be deemed contributions on behalf of the Member. To the extent feasible, Member contributions to a Program shall be used reimburse the Authority’s administrative funds used to study and develop the Program. Each Member that elects to participate will be bound to the new Program for the period of time so required by the Participation Agreement for that Program.

12.1.3 Establishment of a Program that may involve more than one member and contributions made directly by such Members requires a vote of the full Board. Once a Program is established, addition of other Members as participants does not require additional Board action. Single-County Programs and Programs funded entirely by grants or other non-Member sources may be established by vote of either the Board or the Executive Committee. As to such Programs, the Board or Executive Committee may delegate authority to the Executive Director to establish and execute Participation Agreements for such Programs, subject to the limits imposed in the delegation of authority.

12.1.4 The Participants in a Program shall adopt and maintain a Participation Agreement to establish the operating guidelines of that Program, except as to the Statewide PEI Program. As to the Statewide PEI Program, the relevant Information Notices, assignment documents executed on behalf of Members, CalMHSA contract with the California Department of Mental Health and these Bylaws are deemed to constitute the Participation Agreement.

12.1.5 Participation Agreements shall, among other things, specify the conditions under which additional Members will be allowed to join in the Program after its inception.

**Section 12.2 – Program Withdrawal or Expulsion**

12.2.1 Withdrawal or expulsion by a member from any Program shall be in accordance with the provisions of the Participation Agreement governing that Program. In the absence of a
Participation Agreement for a Program, withdrawal or expulsion shall be governed by the Agreement and these Bylaws.

12.2.2 The withdrawal or expulsion of any participating member of any Program after the effective date of such Program shall not terminate its responsibility to contribute its share of contributions to any fund or Program created by the Authority. All current and past participating members shall be responsible for their respective share of the expenses, as determined by the Executive Director, until all unpaid liabilities, covering the period of the member’s participation in the Program, have been finally resolved and a determination of the final amount of payments due by, or credit to, the participating member for the period of its participation has been made. The withdrawal or expulsion of any member from any Program shall not require the repayment or return to that member of all or any part of any contributions, payments, advances, or distributions except in conformance with the provisions set forth herein and in the Program’s Participation Agreement.

12.2.3 Any participating member seeking to withdraw without proper and effective notice shall be responsible for the full cost of the subsequent year’s contribution, and the notice will be deemed effective for the following year. The notice required to withdrawal from a Program shall be stated in each Program’s Participation Agreement, but in the absence of such provision shall be 6 months.

12.2.4 No member can be expelled from a Program except as provided by Article 14 of these Bylaws.

ARTICLE 13 – RESPONSIBILITIES OF THE MEMBER ENTITIES

Section 13.1 – Governing Documents

Each Member shall comply with the provisions of the governing documents.

Section 13.2 – Timely Payment

A penalty of another one percent shall accrue after an additional 45 days. Interest shall accrue on all delinquent amounts due and payable to the Authority at the applicable rate of 5% per annum from the due date of the billing until the date finally posted by the designated financial institution. Each Member shall indemnify the Authority from any expense resulting from its failure to pay the sum due on or before the due date. The Board may elect to temporarily suspend service or other deliverables, as deemed appropriate if a Member fails to pay its contribution. For the purpose of assessing penalties and interest, the fee calculation shall be based on each calendar day the delinquent amount is late and notwithstanding the foregoing no late fee or other charge shall exceed the maximum authorized by law.
Any late fee assessed in accordance with the provisions of this Section may be appealed. Such appeal shall be in accordance with the Authority’s Dispute Resolution Policy.

Section 13.4 – Cooperation

13.4.1 Each Member shall provide the Authority with requested information and assistance in order to fulfill the Programs under this Agreement.

13.4.2 Each Member shall in all ways cooperate with and assist the Authority in all matters relating to this Agreement and comply with the policies, procedures and rules promulgated by the Authority.

13.4.3 If a Member is held liable upon any judgment for damages caused by a negligent or wrongful act or omission occurring in the performance of the Agreement and pays in excess of its pro rata share in satisfaction of such judgment, such public entity is entitled to contribution from each of the other Members that are parties to the Agreement. The pro rata share of each Member will be determined by its population as compared to the total population of all Members, based on the most recent census. The right of contribution is limited to the amount paid in satisfaction of the judgment in excess of the pro rata share of the public entity so paying. No public entity may be compelled to make contribution beyond its own pro rata share of the entire judgment.

Section 13.5 – Confidential Records

Each Member shall maintain all confidential records in accordance with state regulations under the California Government Code § 6250, et seq., the California Public Records Act.

ARTICLE 14 - DEFAULTS AND EXPULSION FROM THE AUTHORITY

Section 14.1 - Events or Conditions of Default Defined

14.1.1.2 Consistent failure to: attend meetings, submit requested documents and cooperate in the fulfillment of the Program objectives;

14.1.1.3 Failure to pay any amounts, including penalties and interest, due to the Authority for more than 30 days;

14.1.1.4 The filing of a petition applicable to the Member in any proceedings instituted under the provisions of the Federal Bankruptcy Code or under any similar act which may hereafter be enacted; or

14.1.1.5 Any condition of the Member which the Board believes jeopardizes the financial viability of the Authority.
Section 14.2 - Remedies on Default

14.2.1 Whenever any event of default referred to in Section 14.1 of this article shall have occurred, it shall be lawful for the Authority to exercise any and all remedies available pursuant to law or granted pursuant to the Agreement and these Bylaws. However, no remedy shall be sought for defaults, until the Member has been given 30 days written notice of default from the Board, except defaults under Sections 14.1.1.4 and 14.1.1.5.

14.2.2 Expulsion of a Member from the Authority:

   14.2.2.1 The Board, as provided in Section 4.1.3.1, may expel from the Authority any Member that is in default, as defined in Section 14.1.1 of this Article.

   14.2.2.2 Such expulsion shall be effective on the date prescribed by the Board, but not earlier than 30 days after written notice of expulsion has been personally served on or sent certified mail to the Member.

   14.2.2.3 The expulsion of any Member from any Program shall not terminate the Member’s responsibility to contribute its share of contributions or funds to any fund or Program created by the Authority, nor its responsibility to provide requested data. All current and past participants shall be responsible for their respective share of the expenses, as determined by the Executive Director, until all unpaid liabilities, covering the period of the participant's participation in the program have been finally resolved and a determination of the final amount of payments due by, or credit to, the participant for the period of its participation has been made.

14.2.3 Expulsion from a Program:

   14.2.3.1 Upon the occurrence of any default, the Board may temporarily terminate all rights of the defaulting Member in any program in which such Member is in default until such time as the condition causing default is corrected.

QUESTIONS

1. Can CalMHSA pass a budget or approve a contract with GH without a quorum of the Board?

2. What are the consequences of failing to have an approved budget?

3. What are the consequences of failing to approve a contract with GH?

SHORT ANSWERS

1. The Bylaws require the Board to pass a budget and approve contracts for administrative services, but the Executive Committee can act at a Board meeting if a quorum of the Board cannot be established.

2. CalMHSA staff has no authority to make an expenditure outside an approved budget, meaning that CalMHSA’s work will come to a halt if no budget is passed.

3. CalMHSA cannot pay GH for services rendered without a contract in place, so that GH could be expected to suspend providing services until a contract is in place.

DISCUSSION

Quorum of the Board Required

Section 4.3.1. of the Bylaws provides that a majority of the Board is a quorum which allows the Board to transact business. The JPA Agreement and Bylaws refer to the ability to continue transacting business after a quorum is lost, so long as the number voting in favor of an action constitute the majority of a quorum. However, a Member county’s representative on the board subsequently questioned this provision, and counsel for the county provided a citation to an Attorney General opinion, 94 Ops.Atty.Gen. 100, that concluded that a majority must be present to act as required by Section 12 of the Civil Code and Section 15 of the Code of Civil Procedure, each of which provides:
Words giving a joint authority to three or more public officers or other persons are construed as giving such authority to a majority of them, unless it is otherwise expressed in the Act giving the authority. [Underlining added.]

The Brown Act has long defined “action taken” as “a collective decision made by a majority of the members of a legislative body, a collective commitment or promise by a majority of the members of a legislative body to make a positive or a negative decision, or an actual vote by a majority of the members of a legislative body when sitting as a body or entity ....” (Gov. Code, sec. 54952.6, underlining added.)

Since I last reviewed the issue of a quorum and whether the Board could act after losing a quorum, the Brown Act has been amended to require the Board to “publicly report any action taken and the vote or abstention on that action of each member present for the action.” (Sec. 54953(c)(2).) This requirement to record and report the vote of each would seem to preclude any suggestion that the Board could act without knowing whether a quorum continued to exist.

In the Absence of a Quorum of the Board, the Existing Bylaws Allow the Executive Committee to Adopt a Budget and Approve the GH Contract

Adopting a budget and contracting with an administrative service provider are functions of the Board. Section 4.1.3 of the Bylaws provides: “The Board reserves unto itself the authority to do the following (except where specifically otherwise noted, the majority of the Board members present at a meeting may take action): ... ¶ 4.1.3.3 Adopt a budget; ... ¶ 4.1.3.5 Approve contracts for Authority administrative services and legal counsel.”

CalMHSA has a procedure for proceeding without a quorum of the Board, which unfortunately is described inconsistently in two different sections. Section 4.3.6 of the Bylaws (part of the provisions governing the Board) states: “If a quorum of the Board is not present at a regular meeting of the Board, the Executive Committee may act in the Board’s stead if a quorum of the Executive Committee is present, except as to those actions listed in Section 4.1.3.” (Underlining added.) Section 6.1.4 (part of the Executive Committee provisions) allows the Executive Committee authority to act for the Board at a Board meeting where there is no quorum, including as to those matters listed in Section 4.1.3, subject to the appeal process in Section 6.1.7.

Which of the two provisions controls? I believe it is the broader authority conveyed in Section 6.1.4, which was added in 2013. Prior to the 2013 amendment, both sections similarly provided authority except as to items listed in Section 4.1.3. The 2013 amendment changed that as to Section 6.1.4, but omitted to make changes to section 4.3.6. This appears to have been an oversight.

Thus, a quorum of the Executive Committee can act when there is no quorum of the Board, including as to matters specifically reserved to the Board in Section 4.1.3. That includes adoption of a budget and contracting with an administrative service provider.

Note that Government Code section 6508 states in relevant part:
The governing body so created shall be empowered to delegate its functions to an advisory body or administrative entity for the purposes of program development, policy formulation, or program implementation, provided, however, that any annual budget of the agency to which the delegation is made must be approved by the governing body of the Joint Powers Agency.

The words “so created” in this sentence refer to the preceding portion of the paragraph, which provides that joint powers agreements “between parties composed exclusively of ... cities, counties, or public districts ...,” may provide in their agreement that the governing body will be “composed exclusively of officials elected to one or more of the governing bodies of the parties to such agreement.” Thus, there is an argument that the budget-approval requirement applies only to such boards, and not to CalMHSA.

On the other hand, this paragraph is the only place in the Joint Exercise of Powers Act where delegation by a governing body is mentioned, so it might be argued that approval of the budget is always a function of the governing body and it was only necessary to mention it in the context of a provision allowing certain boards to delegate. Consequently, I think we are better off considering approval of the annual budget to be a Board action. Accordingly, if we do not have a quorum of the Board at the June meeting and the Executive Committee acting for the Board approves the budget, we should have the full Board ratify it later.

**Effect of Failure to Adopt Budget**

Adoption of a budget is significant. CalMHSA’s JPA Agreement provides in Article 7 for annual adoption of an operating budget. The Bylaws in Section 9.1 provide that the Board “shall” adopt an annual budget by July 1 of each year.

Government Code section 29000 et seq., which is known as the “County Budget Act,” requires adoption of a budget by July 1 each year and provides, among other things, that “[e]xcept as provided otherwise by law, the board ... shall be limited in the incurring or paying of obligations to the amounts of the appropriations allowed for each budget unit as originally adopted or as thereafter revised by addition, cancellation, or transfer.” (Sec. 29120.)

Except as provided otherwise by law, obligations incurred or paid in excess of the amounts authorized in the budget are not a liability of the county, but a personal liability of the official authorizing the obligation, per Government Code section 29121. There are exceptions for court orders and emergencies, and there is one for districts (without mention of JPAs) that include multiple counties (see sec. 53065) and there may be other exceptions, but the policy expressed is apparent. CalMHSA is not a county, but is a JPA of counties whose JPA agreement provides that it has the powers of a general law county. I did not find a case or AG opinion about whether a county JPA would be subject to the County Budget Act.

Apart from specific statutes, however, the requirement that the board adopt a budget each year implies that the board must do so to authorize expenditures. Without a budget, there would be a question as to the legitimacy of any expenditures made after expiration of the budget. There may be an argument that to the extent that CalMHSA continues to operate within the amounts
authorized for the prior year, expenditures are appropriate. However, that would only work if significant amounts are left over from the 2016-17 budget.

By analogy, we know the State continues to make some expenditures when there is a budget impasse. There has been litigation about what expenditures the state can make without a budget, and courts have found that expenditures continue to be appropriate only as to such things as continuing appropriations enacted by the legislature, when required by a self-executing provision of the state constitution, and when payment is mandated by federal law. (White v. Davis (2003) 30 Cal.4th 528.) I am not aware that any such overriding laws that would justify expenditures by CalMHSA outside an adopted budget.

Based on the foregoing, I believe any expenditure made outside of an approved budget is likely to be deemed improper, and the individual signing the check could become personally liable.

Effect of Failure to Renew GH Contract

Without a contract renewal, GH will be without a contract after June 30, 2017. It does not appear that CalMHSA could pay GH for services rendered thereafter without a contract. Contracts create enforceable rights, but those who perform services for public agencies without a valid contract have no right of action against the public entity. For example, where a public official without authority to contract assured a contractor that extra work would be paid for, the contractor who relied on the promise and performed the additional work had no enforceable claim against the public agency for such additional work. (See Katsura v. City of San Buenaventura (2007) 155 Cal.App.4th 104, 108-109, and cases cited therein.)

It is not clear whether CalMHSA could gratuitously provide payment later. California Constitution, article XI, section 10, subdivision (a), reads in part as follows: “A local government body may not grant extra compensation or extra allowance to a . . . contractor after service has been rendered or a contract has been entered into and performed in whole or in part, or pay a claim under an agreement made without authority of law.”

Similarly, Art. XVI, section 6, of the Constitution states: “The Legislature shall have no power to give or to lend, or to authorize the giving or lending, of the credit of the State, or of any county, city and county, city, township or other political corporation or subdivision of the State now existing, or that may be hereafter established, in aid of or to any person, association, or corporation, whether municipal or otherwise, or to pledge the credit thereof, in any manner whatever, for the payment of the liabilities of any individual, association, municipal or other corporation whatever; nor shall it have power to make any gift or authorize the making of any gift, of any public money or thing of value to any individual, municipal or other corporation whatever; . . . .”

Both these provisions are often described as prohibiting gifts of public funds. The courts have concluded that an enforceable obligation is a prerequisite for a public agency to pay a contractor. As explained in one case: “Where the appropriation is aimed chiefly at benefiting an individual or group of individuals other than the public in general, it seems that there should be some contractual relation imposing a legal liability on the state, some specific authority justifying the

Thus, in Conlin v. Board of Supervisors (1893) 99 Cal. 17, the California Supreme Court held that an appropriation for payment of a street contractor who did not have an enforceable contract was a gift of public funds, even though the city and county enjoyed the advantage and benefit of work done by the contractor.

Under these rules, without a contract in place GH would have no enforceable claim for payment as to services rendered to CalMHSA. Assurances that a contract will be made in the future, by those without present authority to contract, would not be enforceable. Under such circumstances, it would be anticipated that GH would likely suspend operations and lay off employees working on CalMHSA projects to avoid financial loss.

Some contractual infirmities can be cured by subsequent ratification. However, an agreement made without authority of the law in force at the time it is made is void, and may not be ratified or validated by subsequent enactments. (65 Ops. Cal. Atty. Gen. 66 (1982).) Ratification appears to be reserved for situations where the contract was made in good faith and with authority to do so, after which a defect was found, and not where there was a known defect from the beginning. (38 Ops. Cal. Atty. Gen. 143 (1961).)
