6. **Sustainability Task Force Update**

John Chaquica stated CalMHSA is expecting $3.5M in interest. The board approved the recommendation from the Funding Taskforce that members contribute to FY 14-15 Prevention and Early Intervention statewide project sustainability within a target range from 4-7%, with possible exceptions, such as a minimum contribution of 1% to support statewide efforts. Counties were asked to submit a Letter of Acknowledgement to CalMHSA by May 1st indicating the amount by which they will support statewide projects. Scott Gruendl discussed the Letter of Acknowledgement, and the need to develop a process for billing counties and reconciling payments at the end of a particular period. The Letter of Acknowledgement identifies funds for PEI projects and it serves as a notice to staff for the purpose of developing a FY 14-15 budget. The letter will come with an Annual Funding spreadsheet that illustrates contribution levels ranging from 1-7% by county.

Mr. Gruendl would prefer that counties respond using the dollar amount so there is no confusion on percentages and counties can identify the dollar amount to be contributed on the Letter of Acknowledgement. Dr. Wayne Clark wanted to simplify it by designating the FY 14-15 contribution in this first letter so there is no confusion about future contribution levels. The budgeting process will vary by county, counties will have to indicate and estimate the amount they can commit based on Model 2 Appendix 1. CalMHSA will be invoicing counties for the funds in the month of June with reference to the contractual agreement, Bylaws and JPA Agreement. Mr. Chaquica discussed payment options for counties (e.g. in full, or in payments) and if September 1st can be the due date. Mr. Sherry said that percentages are fairly small so it may not be a big issue for counties to pay in full. Staff was directed to distribute the Letters of Acknowledgement with the CalMHSA table and Department of Finance letter.
