

Take Action LA 2025 Grants Newsletter

April 17, 2025

The Take Action LA 2025 Grants Newsletter is your source of regular updates for this year's Take Action LA events and programs.

Changes to Take Action LA Events and Listings

Event details were expected to be finalized by Feb.19. While some changes have since been submitted and exceptions granted, we are no longer accepting updates to your Take Action LA events or event listings unless you are already in communication with us about pending changes.

Survey Webinar Recording, Posters, Gift Cards

The survey webinar recording and PDFs of the promotional posters are available on the [Take Action Grants Landing page](#).

Posters are on the way! **We anticipate that gift cards will be sent on Monday, April 21.**

We now have a direct link to the survey: <https://tinyurl.com/calmhsaTA>

The survey will be open from May 1 – June 3.

Event Photos and Photo Releases

Please remember that it's important to obtain a photo release for any images from your event(s) that include identifiable faces of attendees. Submission of at least two photos from your event(s) is a required component of your final report. If any attendee faces are visible, you must also provide the corresponding photo release form(s).

CalMHSA does not provide a photo release template for grantees. Please consult with your legal counsel to develop or obtain a photo release form if you do not already have one in place.

Final Reports

Earlier this week, we shared the link to the form for Final Report submission. A PDF of the Final Report was also shared. Please review the PDF in advance of your events to ensure you capture the information which will be required.

Service Area Event Flyers

Flyers for the LACDMH Service Area Events are now available on the [Take Action Grants Landing page](#).

You do not need to print or distribute the flyers. We are sharing for your reference only.
