

Good Morning,

LACDMH and CalMHSA are pleased to announce that the Community Engagement Mini-Grant application deadline has been extended! Due to a significant positive response and to maximize the reach and impact of this program, we will be accepting applications through Friday **April 19, 2019, at 5:00PM PDT.**

LACDMH -- through Prevention and Early Intervention (PEI) funding and in collaboration with CalMHSA -- will be awarding grants that engage communities to foster stronger connections between individuals and within communities to help combat the contributing factors to mental health crises and enhance mental wellbeing. LACDMH is currently seeking to support community efforts to promote interconnectedness within diverse cultural communities, distribute resources and messages throughout the county and increase awareness to mental health services and resources.

NOTICE FOR APRIL EVENTS/ACTIVITIES:

Grant awards for events or activities that are scheduled to take place during April will be announced later this month and will be posted on both the LACDMH and CalMHSA websites.

Award notifications for all other events/activities will be posted to both the LACDMH and CalMHSA websites in early May.

If you have any questions, please don't hesitate to contact info@calmhsa.org.
